INDEPENDENT AUDITORS' REPORT

To the County Board
Green County
Monroe, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Green County, Wisconsin, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Green County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to Green County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Green County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the County Board
Green County

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Green County, Wisconsin, as of December 31, 2014 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Green County's basic financial statements. The combining fund financial statements as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements are fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will issue a report on our consideration of Green County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Green County's internal control over financial reporting and compliance.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

As management of Green County, Wisconsin, we offer readers of the county's financial statements this narrative overview and analysis of the financial activities of the county for the fiscal year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with the county's financial statements and the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- > The assets of Green County exceeded its liabilities as of December 31, 2014 by \$59,018,475 (net position). Of this amount, \$9,506,650 (unrestricted net position) may be used to meet the government's obligations to citizens and creditors. The total net position includes all major infrastructure networks.
 - > The county's total net position increased by \$303,649.
 - > As of December 31, 2014 Green County's governmental funds reported a combined ending fund balance of \$11,833,238. Of this amount \$2,953,636 is assigned to offset 2015 operations; \$5,528,896, approximately 47%, is unassigned and available for use within the county's designations and policies.
 - > At the end of the current fiscal year, the unassigned fund balance for the general fund was approximately 31% of the total general fund expenditures.
 - > At the end of the current fiscal year, general obligation debt is \$11,055,000, approximately 8% of the county's total debt limit of \$133,148,400.
-

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the county's basic financial statements. The county's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the county's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the county's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Green County is improving or deteriorating. To assess the overall health of the county you need to consider additional non-financial factors such as changes in the county's property tax base and the condition of the county's infrastructure.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

GOVERNMENT-WIDE FINANCIAL STATEMENTS (cont.)

The Statement of Activities presents information showing how the county's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. (e.g., uncollected taxes and earned but unused compensated absences).

Both government-wide financial statements distinguish functions of Green County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the county include general government; public safety; public works; health and human services; culture, education and recreation; and conservation and development. The business-type activities of the county include the Pleasant View Nursing Home, highway department, and the solid waste management facility.

The government-wide financial statements can be found on pages 1-3 of this report.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Green County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the county can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Most of the county's basic services are reported in governmental funds. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily used for cash. Governmental funds are used to account for essentially the same functions reported as governmental activities in the governmental-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. In doing so, readers may better understand the long-term impact of the county's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

Green County maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, and expenditures, and changes in fund balances for the General Fund and the Human Services Special Revenue Fund, which are considered to be major funds. Data from the other governmental funds, Debt Service, the Capital Projects Fund, and Revolving Loan Special Revenue Fund, are combined into a single, aggregated presentation. Individual fund data for these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The county adopts an annual appropriated budget for all its governmental funds. As part of the required supplementary information, budgetary comparison statements have been provided in detail for the General Fund, and in summary for the Human Services Special Revenue Fund, to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 4-6 of this report.

Proprietary Funds – When the county charges customers for the services it provides – whether to outside customers or to other units of the county – these services are generally reported in proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The county uses enterprise funds to account for its solid waste operations, nursing home, and highway operations.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. These statements provide separate information for Pleasant View Nursing Home, the landfill, and highway since they are considered to be major funds of the county.

The basic proprietary fund financial statements can be found on pages 7-11 of this report.

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the county's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The county uses one particular type of fiduciary fund called an agency fund. All agency funds are combined into a single aggregated presentation in the agency fund financial statement. Individual fund data for the agency funds is provided in the form of a combining statement elsewhere in this report. The basic agency fund financial statement can be found on page 12 of this report.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 13-41.

Other Information – In addition to the basic financial statements and accompanying notes, *required supplementary information* includes a budgetary comparison schedule for the General Fund and the Human Services Special Revenue Fund to demonstrate compliance with the budget. This section also presents required supplementary information regarding the county's general budgetary information. These schedules and accompanying notes can be found on pages 42-49 of this report. The combining statements referred to earlier in connection with non-major governmental funds and agency funds is presented immediately following the required supplementary information. Combining statements can be found on pages 50-52.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

An analysis of the county's financial position begins with a review of the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position. These two statements report the county's net position and changes therein. It should be noted that the financial position can also be affected by non-financial factors, including economic conditions, population growth and new regulations.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Green County, assets exceeded liabilities by \$59,018,475 as of December 31, 2014. At the end of the current fiscal year, Green County is able to report positive balances in all three categories of net position, for the government as a whole, as well as for its governmental activities and business-type activities separately.

The next two tables include comparative data of net position for the years ended December 31, 2013 and December 31, 2014.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

GREEN COUNTY'S NET POSITION December 31, 2014 and 2013

	Governmental Activities		Business - Type Activities		Totals	
	2014	2013	2014	2013	2014	2013
Current and Other Assets	\$ 27,842,729	\$ 26,964,760	\$ 5,003,639	\$ 5,563,934	\$ 32,846,368	32,528,694
Capital Assets	51,426,529	52,593,751	6,962,708	7,056,430	58,389,237	59,650,181
Total Assets	<u>79,269,258</u>	<u>79,558,511</u>	<u>11,966,347</u>	<u>12,620,364</u>	<u>91,235,605</u>	<u>92,178,875</u>
Long-term Liabilities Outstanding	12,099,681	12,699,619	865,716	1,427,810	12,965,397	14,127,429
Other Liabilities	1,584,537	1,357,941	2,720,845	3,024,175	4,305,382	4,382,116
Total Liabilities	<u>13,684,218</u>	<u>14,057,560</u>	<u>3,586,561</u>	<u>4,451,985</u>	<u>17,270,779</u>	<u>18,509,545</u>
Deferred Inflows of Resources	<u>14,124,304</u>	<u>13,961,270</u>	<u>822,047</u>	<u>993,234</u>	<u>14,946,351</u>	<u>14,954,504</u>
Net Position:						
Net Investment in Capital Assets	40,355,696	40,912,176	6,916,462	6,447,024	47,272,158	47,359,200
Restricted	2,239,667	2,196,582	-	-	2,239,667	2,196,582
Unrestricted	<u>8,865,373</u>	<u>8,430,923</u>	<u>641,277</u>	<u>728,121</u>	<u>9,506,650</u>	<u>9,159,044</u>
Total Net Position	<u>\$ 51,460,736</u>	<u>\$ 51,539,681</u>	<u>\$ 7,557,739</u>	<u>\$ 7,175,145</u>	<u>\$ 59,018,475</u>	<u>\$ 58,714,826</u>

The largest portion of the county's net position (approximately 80%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure, etc.); less any related debt used to acquire those assets that is still outstanding. The county uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the county's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt, must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the county's net position (4%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$9,506,650, may be used to meet the county's ongoing obligations to citizens and creditors.

Analysis of the County's Operations – The following table provides a comparison summary of the county's operations for the years ended December 31, 2013 and December 31, 2014. Governmental activities experienced a decrease in net position of \$78,945. Business-type activities experienced an increase in net position of \$382,594.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

Governmental activities are generally supported by property taxes with the exception of Health and Human Services functions which receive approximately 72% of their funding from program revenues. The following chart compares expenses and program revenues for governmental activities.

**Expenses and Program Revenues
Governmental Activities**

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

The distribution of revenues in governmental activities shows an increase in intergovernmental revenues and charges for service and a decrease in taxes; investment income remains fairly constant. Overall, taxes and intergovernmental grants and aids are approximately 85% of total revenues, public charges and other sources provide the balance of the revenue.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

A comparison of operating expenses and revenues for business-type activities is illustrated in the following chart. Pleasant View Nursing Home continues to rely, to some extent, on intergovernmental revenues and property taxes to supplement program revenues through a referendum.

Expenses and Program Revenues Business-type Activities

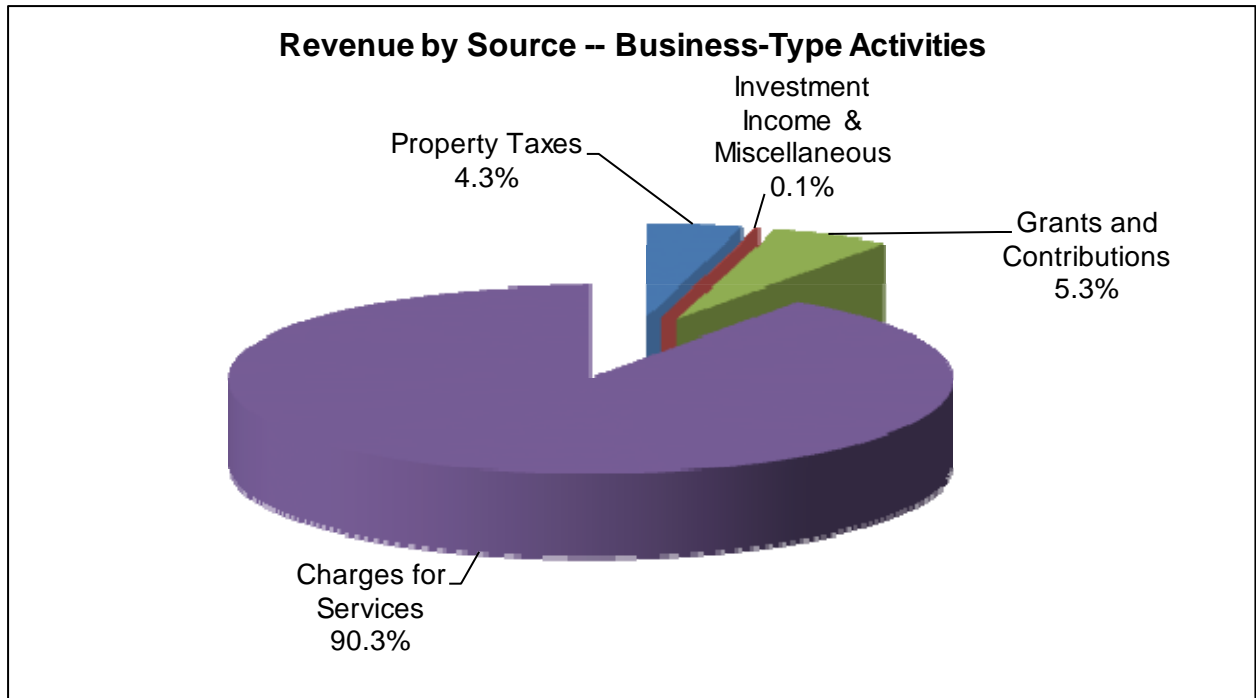

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)

FUND FINANCIAL STATEMENTS (cont.)

The major sources of revenue for business-type activities are charges for services; other revenues, including property taxes, make up approximately 10% of total revenues.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

GOVERNMENTAL FUNDS

The focus of Green County's governmental fund statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the county's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, Green County's governmental funds reported combined ending fund balances of \$11,833,238. Approximately 72% or \$8,482,532 constitutes unrestricted fund balance. Of the remaining fund balance, \$1,111,039 is classified as nonspendable -- \$442,426 for prepaid items and \$668,613 for long-term receivables. An additional amount of \$2,239,667 is restricted, \$324,575 for grant purposes, \$92,780 for jail improvement, \$116,518 for land information, \$388,908 is donor-restricted, and \$1,316,886 for revolving loans.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (cont.)

GOVERNMENTAL FUNDS (cont.)

The total unrestricted fund balance of \$8,482,532, is divided into separate classifications of assigned and unassigned. \$2,953,636 is assigned fund balance and is intended to be used for specific types of activities as follows:

- > Funds intended to reduce the tax levy for next fiscal year are \$2,000,000 from county sales tax collected.
- > An amount of \$564,076 is intended for future highway projects; \$170,344 is intended for human services programs, \$63,658 for capital projects, \$11,166 for rail line projects, and \$88,881 for law enforcement operations. The remainder is intended for specialized activities including recreational trails, conservation and educational programs, and property improvements.

The remaining \$5,528,896 or 47% of the total fund balance is classified as unassigned.

General Fund

The county's General Fund is used to account for the majority of the county's operations with the exception of the Human Services Department and the business activities recorded in other major funds. Operations included in the General Fund include the departments of Family Court Commissioner, Corporation Counsel, Finance, Child Support, Property and Building Management, Veteran's Service, Emergency Management, Public Health, Parks, University Extension, Land Conservation, Public Works, Tourism, and Community Development. This fund also accounts for the activity of the elected offices of the County Clerk, the Sheriff, the Coroner, the Clerk of Courts, the District Attorney, the County Treasurer, and the Register of Deeds.

During the current year, the fund balance of the General Fund increased by \$518,101. Major factors that make up this change are as follows:

- > A net amount of \$396,355 was returned to the general fund; budget shortfalls of \$286,626 in a few departments were offset by \$682,981 of increased revenue or decreased expenditures in other departments.
- > An amount of \$2,459 was added to the fund balance to be used for future highway projects.
- > The jail improvement fund increased by \$28,000.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (cont.)

GOVERNMENTAL FUNDS (cont.)

Human Services

The Human Services fund is used to account for the revenues and expenditures associated with the Human Services Department. The majority of the funding comes from a wide variety of intergovernmental revenues for community based waiver programs, Aging & Disability Resource Centers and collections, including medical assistance. The total county contribution for Human Services programs in 2014 was \$2,550,173 or 28% of total 2014 expenditures. This amount includes returning \$94,459 to the general fund at the end of the year. The decreased tax levy can be attributed to difficulty in filling a vacant psychiatrist position and higher federal matching revenue.

At the end of the current fiscal year, the Human Services fund had a fund balance of \$685,464, an increase of \$26,500 from the previous year. The majority of this balance, \$514,266 is restricted; \$388,908 is the amount remaining from a bequest to be used for programs for the elderly, and the balance is grant funding for specific programs. The assigned portion of the fund balance represents program specific revenue retained for future expenditures.

Capital Projects

The Capital Projects Fund is used to account for and report financial resources for expenditures for capital outlays, including the acquisition or construction of capital facilities or other capital assets.

At the end of the current fiscal year, the Capital Projects Fund had a fund balance of \$63,658, a decrease of \$67,758. The decrease in fund balance is mostly due to current year expenditures for resurfacing the parking lots at the Justice Center and Sheriff Department. Funds were also used for the audio conference system at the Justice Center. The remaining funds are assigned for future capital projects.

Debt Service

The Debt Service Fund accounts for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs. Total payments in 2014 included \$600,000 for principal and \$440,732 in interest. At the end of 2014, total general obligation long term debt of Green County was \$11,055,000.

Revolving Loan Fund

The Revolving Loan Fund accounts for Economic Development grants to Green County for business loans. As loans are repaid Green County uses the funds to loan to other businesses. The principal amount of outstanding loans as of December 31, 2014 was \$716,112. In 2014, the county provided new loans to two businesses and four existing loans were paid off. The increase in fund balance of \$21,819 can be attributed to the interest portion of the loan payments.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (cont.)

PROPRIETARY FUNDS

Green County's proprietary fund statements provide the same type of information found in the county's government-wide financial statements, but in more detail.

At the end of the current fiscal year, Green County's proprietary funds reported combined net position of \$7,557,739. Of this amount, \$6,916,462 is the net investment in capital assets, and \$641,277 is unrestricted.

Pleasant View Nursing Home

This fund is used to account for the operations of the county nursing home. In addition to charges for service, the nursing home receives grant funding from the intergovernmental transfer program and supplemental funding from county tax dollars. For the current fiscal year, Pleasant View Nursing Home received \$1,026,579, approximately 9.3% of their operating expenses, from the intergovernmental transfer program. The County provided \$889,774 in tax dollars to supplement nursing home operations, approximately 8.1% of total operating expenses. The net position for Pleasant View Nursing Home increased by \$353,276 mainly due to the early pay-off of the capital lease for the boiler system.

Landfill

The landfill fund is used to account for the county's solid waste management operations. The landfill officially closed for waste disposal in 2000, but continues to operate as a transfer station. All expenses are charged to users, no county tax dollars support landfill operations. The county is liable for long-term care and post closure monitoring for 40 years after closure. The landfill shows a deficit balance of \$594,934 in unrestricted net position due to this liability for long-term care and post closure monitoring of the landfill site.

Highway

The highway fund operates as an enterprise fund providing services to the county, state, and local governments for maintenance and construction of roads located in the county. The general fund is responsible for maintenance of county highways. The highway department maintains state and town roadways on a contract reimbursement basis with the State of Wisconsin and other local governments.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

GENERAL FUND BUDGETARY HIGHLIGHTS

Green County officially amends the budget at the end of the year after final appropriations are determined. Transfers may be made during the year as legislated by the County Board of Supervisors. Actual 2014 revenues exceeded original budgeted amounts by \$508,293. Major factors affecting this variance are as follows:

- > County sales tax exceeded budgeted amounts by \$212,580.
- > Intergovernmental grants and aids exceeded budgeted amounts by \$249,046.
- > Charges to other governmental units and the public exceeded original estimates by \$39,062.

As a total, the final general fund expenditures were lower than original budgeted amounts by \$221,016. Several categories of expenditures were less than budgeted amounts. The major area contributing to this variance was Public Safety expenditures were approximately \$300,000 less than budgeted due to savings in wages and overtime in patrol and jail.

As a result of general fund operations in 2014, a net amount of \$301,895 was returned to unassigned fund balance. More detail about the general fund budget to actual comparison may be found in Required Supplementary Information on pages 42-47 of this report.

CAPITAL ASSETS

At the end of 2014, Green County had a total \$58,389,237 invested in capital assets (net of accumulated depreciation). The majority of these assets (88%) \$51,426,529 relate to governmental activities and \$6,962,708 are in business-type activities. This investment in capital assets includes land, land improvements, construction work in progress, buildings, machinery and equipment, and infrastructure.

Major additions for governmental activities for 2014 include:

- > \$1,271,603 for infrastructure, which includes county roads, right of way, bridges, and culverts.
- > \$33,150 for a tractor for the Property Department funded by general purpose revenues.
- > \$10,521 for two mobile data computers for the Sheriff's Department funded by general purpose revenue.
- > \$6,272 to upgrade the county's main computer server funded by general purpose revenues.

GREEN COUNTY

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2014

CAPITAL ASSETS (cont.)

Major increases for business-type activities include:

- > \$410,986 for highway machinery & equipment.
- > \$50,088 for parking lot paving and improved lighting at the nursing home.
- > \$56,190 for a bus at the nursing home.
- > \$44,100 for a backhoe at Landfill.

More detailed information about Green County's capital assets may be found in Note IV. D on pages 30-31 of this report.

LONG-TERM DEBT

At the end of 2014, the total of Green County's general obligation debt was \$11,055,000. In accordance with Wisconsin State Statutes, Chapter 67, Green County's total general obligation debt may not exceed 5% of the equalized value of the taxable property within the county's jurisdiction. The debt limit as of December 31, 2014, was \$133,148,400.

More detailed information on the county's long-term debt can be found in Note IV. F on pages 33-34 of this report.

CURRENTLY KNOWN FACTS

All currently known facts and economic conditions were considered in preparing the 2015 county budget.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide a general overview of Green County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Green County Finance Director, Courthouse, 1016 16th Avenue, Monroe, WI 53566.

GREEN COUNTY

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2014

Net change in fund balances - total governmental funds	\$ 498,662
 Amounts reported for governmental activities in the statement of activities are different because:	
 Governmental funds report capital additions as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives with depreciation expense reported in the statement of activities.	
Capital additions are reported as expenditures in the fund financial statements but are capitalized in the government-wide financial statements	1,334,194
Depreciation is reported in the government-wide statements	(2,368,237)
 Net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins) is to decrease net position.	
	(133,179)
 Receivables not currently available are reported as deferred revenue in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements.	
	(11,912)
 Debt and lease proceeds provide current financial resources to governmental funds, but issuing these obligations increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
Capital lease payment	10,742
Principal repaid	600,000
 Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	(10,804)
Accrued interest on debt	<u>1,589</u>
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u><u>\$ (78,945)</u></u>

See accompanying notes to financial statements.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Green County, Monroe, Wisconsin conform to generally accepted accounting principles as applicable to governmental units. The accepted standard setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

A. REPORTING ENTITY

This report includes all of the funds of the county. The reporting entity for the county consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The county has not identified any organizations that meet these criteria.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The county does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

Fund Financial Statements

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditure/expenses.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the county or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental fund or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the county believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds and proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The county reports the following major governmental funds:

General Fund – accounts for the county’s primary operating activities. It is used to account for and report all financial resources except those accounted and reported for in another fund.

Human Services Special Revenue Fund – used to account for and report grants and local revenues legally restricted or committed to supporting expenditures for human services related programs.

The county reports the following major enterprise funds:

Pleasant View Nursing Home – accounts for operations of the nursing home

Landfill – accounts for operations of the landfill

Highway – accounts for operations of the highway department

The county reports the following nonmajor governmental funds:

Special Revenue Fund – used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Revolving loan

Debt Service Fund – used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs.

Capital Projects Fund – used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)

Fund Financial Statements (cont.)

In addition, the county reports the following fund types:

Agency funds are used to account for and report assets held by the county in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. Agency funds include the Sheriff's Trust Account, Huber Law, Clerk of Courts, District Attorney, Drainage Districts, Tax Collection, and Municipal Tax Collection funds.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

Government-Wide Financial Statements

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the county considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for human services reimbursable grants, for which available is defined as six months. This is necessary to provide proper matching of grant revenues with the related expenditures. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Sales taxes are recognized as revenues in the year in which the underlying sales relating to it takes place.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)

Fund Financial Statements (cont.)

Intergovernmental aids and grants are recognized as revenues in the period the county is entitled the resources and the amounts are available. Amounts owed to the county which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds follow the accrual basis of accounting, and do not have a measurement focus.

The proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Pleasant View Nursing Home, Landfill, and Highway funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY

1. Deposits and Investments

For purposes of the statement of cash flows, the county considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of county funds is restricted by state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank or trust company maturing in three years or less.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

The county has adopted an investment policy that follows the state statute for allowable investments.

Custodial Credit Risk

The county's investment policy states that funds placed in any single depository institution above \$650,000 must be 100% collateralized as to principal and accrued interest with securities that are obligations of the U.S. Government or its agencies that are fully guaranteed by the U.S. Government. Securities held as collateral shall be delivered for safekeeping to a custodial bank approved by the county. At December 31, 2014, the county has deposits which do not meet the previous criteria and are uninsured and uncollateralized. See Note IV.A.

Credit Risk

The county's investment policy states the county may invest in securities issued or guaranteed by the U.S. Government, U.S. Treasury obligations, State of Wisconsin local government investment pool, and corporate bonds issued by U.S. companies that are rated the highest or second highest rating category of a nationally recognized rating agency, and other allowable investments. Complete details are available in the county's investment policy.

Interest Rate Risk

The county's investment policy states the county may invest in U.S. Treasury obligations with a final maturity not exceeding five years, repurchase agreements with a termination date of 180 days or less, and corporate bonds with maturities not exceeding three years.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of various accounting funds is allocated based on average balances. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

1. Deposits and Investments (cont.)

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2014, the fair value of the county's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note IV.A. for further information.

2. Receivables

Property taxes are levied in December on the assessed value as of the prior January 1. They are not legally available for appropriation until the ensuing year. In addition to property taxes for the county, taxes are collected for and remitted to the state government as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other governmental units on the Statement of Assets and Liabilities – Agency Funds.

Property tax calendar – 2014 tax roll:

Lien date and levy date	December 2014
Tax bills mailed	December 2014
Payment in full, or	January 31, 2015
First installment due	January 31, 2015
Second installment due	July 31, 2015
Personal property taxes in full	January 31, 2015
Tax sale – 2014 delinquent real estate taxes	October 2017

Property taxes are due, in the year subsequent to levy, on the last day of January, and collected by local treasurers through that date, at which time unpaid taxes are assigned to the county and appropriate receivables and payables are recorded. Tax collections become the responsibility of the county and taxes receivable include unpaid taxes levied for all taxing entities within the county. The county makes restitution to local districts in August for payables recorded at the settlement date without regard to collected funds. A lien is placed on all properties for which a portion of the current tax levy remains unpaid as of September 1. The interest and penalties on taxes not paid within 60 days of the end of the current fiscal period is shown as deferred revenue until it is received in cash.

The portion of county property taxes receivable at December 31, 2014, which relates to taxes initially levied by other municipalities and uncollected within sixty days after year-end, has been reflected in the accompanying financial statements as nonspendable fund balance of the general fund in the amount of \$668,613.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

2. Receivables (cont.)

Accounts receivable in all funds have been adjusted for all known uncollectible accounts. No allowance for uncollectible delinquent taxes has been provided because of the county's demonstrated ability to recover any losses through the sale of the applicable property.

Pleasant View Nursing Home uses the allowance method to provide for losses from uncollectible accounts. The allowance is maintained at a level which management feels is sufficient to cover potential uncollectible accounts. The allowance for doubtful accounts was \$271,938 at December 31, 2014 and \$237,256 in bad debts were written off during 2014.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

The county has a 0.5% sales tax which is collected by the State of Wisconsin and remitted to the county monthly. Sales tax is accrued as a receivable when the underlying sale relating to it takes place. At December 31, 2014, the county has accrued two months of subsequent year's collections as receivable.

The county has received federal grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The county records a loan receivable when the loan has been made and funds have been disbursed. The amount recorded as economic development and housing rehabilitation loans receivable has not been reduced by an allowance for uncollectible accounts.

It is the county's policy to record revenue when the initial loan is made from the federal grant funds. When new loans are made from loan repayments, expenditures are recorded. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

Pleasant View Nursing Home

Pleasant View Nursing Home ("nursing home") revenues are recorded based on actual service rendered, with billings made to residents monthly. The nursing home does not accrue revenues beyond billing dates.

Resident accounts receivable includes amounts receivable for services rendered to residents under the Title XIX Wisconsin Medical Assistance Program (Medicaid). The nursing home reported revenues of \$3,931,752 from the Title XIX patients in 2014. These revenues are subject to audit and retroactive adjustment by the Medical Assistance Program. Resident accounts receivable also includes amounts receivable for services rendered to residents under the Medicare Program. The nursing home reported revenues of \$1,734,765 from the Medicare Program in 2014. These revenues are subject to audit and retroactive adjustment by the Medicare Program. All amounts are considered to be collectible in the following year.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

3. Inventories and Prepaid Items

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on the first-in/first-out (FIFO) method of accounting.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

4. Restricted Assets

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

5. Capital Assets

Government-Wide Statements

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets, with the exception of those reported in the Pleasant View Nursing Home fund which reports general capital assets with an initial cost of \$1,000 or more, and an estimated useful life in excess of one year. Infrastructure assets include those with an initial cost of \$25,000 or more, and an estimated useful life in excess of one year. In addition, a \$20,000 threshold has been established for remodeling projects. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated fixed assets are recorded at their estimated fair value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired, or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

5. Capital Assets (cont.)

Government–Wide Statements (cont.)

Depreciation and amortization of all exhaustible capital assets are recorded as an allocated expense in the statement of activities, with accumulated depreciation and amortization reflected in the statement of net position. Depreciation and amortization are provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings	25-40 Years
Land Improvements	20-30 Years
Machinery and Equipment	2-20 Years
Infrastructure	20-50 Years
Intangibles	5-20 Years

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

6. Compensated Absences

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable available resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at December 31, 2014 are determined on the basis of current salary rates and include salary related payments.

7. Long-Term Obligations

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable, and accrued compensated absences.

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) is reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

7. Long-Term Obligations (cont.)

For the government-wide statements and proprietary fund statements, bond premiums and discounts are deferred and amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

8. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

The highway fund includes deferred inflows of resources for the unearned revenues from transportation costs pools.

9. Equity Classifications

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the county’s policy to use restricted resources first, then unrestricted resources as they are needed.

Governmental fund balances are displayed as follows:

- a. Nonspendable – Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.
- b. Restricted – Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, AND NET POSITION OR EQUITY (cont.)

9. Equity Classifications (cont.)

Government-Wide Statements (cont.)

- c. Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (resolution) of the county. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the county that originally created the commitment.
- d. Assigned – Includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. Fund balance may be assigned through the following; 1) Board identification, 2) All remaining positive spendable amounts in governmental funds, other than the general fund, that are neither restricted nor committed. Assignments may take place after the end of the reporting period.
- e. Unassigned – Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The county considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the county would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The county has a formal minimum fund balance policy. That policy states that an unassigned general fund balance shall be maintained as of December 31 of each year equal to a minimum of 2 months (or 17%) of the ensuing year's budgeted general fund expenditures. The unassigned general fund balance at year end was \$5,528,896 or 28%.

See Note IV.I. for further information.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION

The governmental fund balance sheet includes reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. The details of this reconciliation include the following items:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds.

Land	\$ 1,649,800
Land improvements	290,423
Buildings and improvements	15,551,605
Machinery and equipment	3,223,790
Infrastructure	75,318,876
Intangibles	105,000
Less: Accumulated depreciation	<u>(44,712,965)</u>
Capital Assets	<u>\$ 51,426,529</u>

Long-term liabilities applicable to the county's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities—both current and long-term—are reported in the statement of net position.

Bonds and notes payable	\$ 11,055,000
Compensated absences	1,028,848
Accrued interest	35,162
Capital leases	<u>15,833</u>
Combined Adjustment for Long-Term Liabilities	<u>\$ 12,134,843</u>

NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. LIMITATIONS ON THE COUNTY'S TAX LEVY

Wisconsin law limits the county's future tax levies. Generally, the county is limited to its prior tax levy dollar amount (excluding TIF districts), increased by the greater of the percentage change in the county's equalized value due to new construction, or zero percent. Changes in debt service from one year to the next are generally exempt from this limit with certain exceptions. The county is required to reduce its allowable levy by the estimated amount of fee revenue it collects for certain services, if those services were funded in 2013 by the property tax levy. Levies can be increased above the allowable limits if the amount is approved by referendum.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The county maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as cash and investments.

The county's cash and investments at year end were comprised of the following:

	Carrying Value	Statement Balance	Associated Risks
Deposits	\$ 12,898,992	\$ 13,009,616	Custodial credit
U.S. Treasury notes	252,024	252,024	Custodial credit, interest rate
LGIP	734,061	734,061	Credit
Petty cash	3,155	-	N/A
Cash on hand	558,347	-	N/A
Total Cash and Investments	<u>\$ 14,446,579</u>	<u>\$ 13,995,701</u>	
Reconciliation to financial statements			
Per statement of net position			
Unrestricted cash and investments	\$ 10,092,766		
Restricted cash and investments	983,144		
Per statement of assets and liabilities –			
Agency	3,370,669		
Total Cash and Investments	<u>\$ 14,446,579</u>		

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit amounts (interest-bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposits.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing the custodial credit risk.

The county maintains collateral agreements and a letter of credit with its banks. At December 31, 2014, the banks had pledged various government securities in the amount of \$8,560,512 to secure the county's deposits.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Custodial Credit Risk

Deposits – Custodial credit risk is the risk that in the event of a financial institution failure, the county's deposits may not be returned to the county.

As of December 31, 2014, \$403,355 of the county's total bank balances were exposed to custodial credit risk because they were uninsured and uncollateralized.

Investments

Custodial credit risk is the risk that in the event of the failure of the counterparty, the county will not be able to recover the nature of its investments or collateral securities that are in possession of an outside party.

As of December 31, 2014, \$252,024 of the county's total investments were exposed to custodial credit risk because they were neither insured nor registered and held by the counterparty.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

At December 31, 2014, the county had investments in the following external pool which is not rated:

Local Government Investment Pool

Interest Rate Risk

<u>Investment</u>	<u>Maturity Date</u>	<u>Fair Value</u>
U.S. Treasury Note	1/31/16	\$ 45,802
U.S. Treasury Note	7/31/19	48,449
U.S. Treasury Note	12/31/20	51,480
U.S. Treasury Note	5/15/21	53,656
U.S. Treasury Note	11/15/23	52,637
		<u>\$ 252,024</u>

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES

Receivables not expected to be collected within one year include \$668,613 in the general fund and \$610,813 in the revolving loan fund.

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

	Unearned	Unavailable
Property taxes receivable for subsequent year	\$ 14,083,911	\$ -
Delinquent property taxes receivable	-	193,116
Other unavailable receivables	-	142,696
Grant drawdowns prior to meeting all eligibility requirements	40,393	-
Total Unavailable/Unearned Revenue for Governmental Funds	\$ 14,124,304	\$ 335,812

Delinquent property taxes purchased from other taxing authorities are reflected as nonspendable fund balance at year-end. Delinquent property taxes collected within sixty days subsequent to year-end are considered to be available for current expenditures and are therefore excluded from the nonspendable portion of fund balances. Delinquent property taxes levied by the county are reflected as deferred revenue and are excluded from the fund balance until collected. At December 31, 2014, delinquent property taxes by year levied consists of the following:

	Total	County Levied	County Purchased
Tax Certificates			
2013	\$ 514,507	\$ 114,735	\$ 399,772
2012	227,916	51,486	176,430
2011	93,800	21,293	72,507
2010	20,397	4,463	15,934
2009	5,109	1,139	3,970
Total Delinquent Property Taxes Receivable	\$ 861,729	\$ 193,116	\$ 668,613

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

B. RECEIVABLES (cont.)

Enterprise funds defer revenue recognition in connection with resources that have been received, but not yet earned. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of *unearned revenue* reported in the enterprise funds were as follows:

	<u>Unearned</u>
Property taxes receivable for subsequent year	\$ 789,815
Depreciation collected in advance	642,955
Transportation cost pools	32,232
Revenue collected in advance	<u>75,904</u>
Total Unearned Revenue For Enterprise Funds	<u>\$ 1,540,906</u>
Unearned revenue included in liabilities	\$ 718,859
Unearned revenue included in deferred inflows	<u>822,047</u>
	<u>\$ 1,540,906</u>

For economic development loans, the county is limited by the Wisconsin Department of Commerce to the amount of program income from economic development loans that it may retain and loan to other businesses and the amount of time for which funds may be held without use. Program income includes the principal and interest received from economic development loans repayments.

At December 31, 2014, the county has not exceeded the maximum amount that it may retain or time established. When it does, a liability to the state will be recorded.

C. RESTRICTED ASSETS

The Pleasant View Nursing Home has restricted assets in the amount of \$3,987. These restricted assets represent nursing home residents' funds held for safekeeping by the nursing home. The funds are maintained in individual savings accounts and the balance in a checking account. All interest earned is added to the respective residents' balance.

The landfill has restricted assets in the amount of \$979,157. These restricted assets represent landfill funds held for postclosure costs of the solid waste landfill. The funds are maintained in a trust account.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

C. RESTRICTED ASSETS (cont.)

Restricted cash and investments and restricted net position of the county's enterprise funds as of December 31, 2014 consist of the following accounts:

	Restricted Assets	Amounts Payable From Restricted Assets	Restricted Net Position
Landfill financial responsibility	\$ 979,157	\$ 1,264,114	\$ (284,957) *
Pleasant View Nursing Home Resident Trust	3,987	3,987	-
Totals	\$ 983,144	\$ 1,268,101	\$ (284,957)

* Shows as zero in statement of net position. Per accounting standards, this cannot be shown as a negative restriction.

D. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2014 was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Governmental Activities				
Capital assets not being depreciated/amortized				
Land	\$ 1,678,779	\$ -	\$ 28,979	\$ 1,649,800
Capital assets being depreciated/amortized				
Land improvements	290,423	-	-	290,423
Buildings and improvements	15,546,119	5,486	-	15,551,605

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Human Services	\$ 2,947
General	Highway	514,380
General	Pleasant View Nursing Home	410,871
Pleasant View Nursing Home	General	83,887
Landfill	General	242
Highway	General	263,452
Highway	Human Services	1,637
Highway	Landfill	<u>643</u>
Sub-Total Fund Financial Statements		1,278,059
Less: Fund eliminations		(3,590)
Less: Government-wide eliminations		<u>(698,436)</u>
Total Internal Balances – Government-Wide Statement of Net Position		<u>\$ 576,033</u>
<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Governmental activities	Business-type activities	\$ 925,251
Business-type activities	Governmental activities	<u>(349,218)</u>
Total Government-wide Financial Statements		<u>\$ 576,033</u>

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

All amounts are due within one year.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)

For the statement of net position, interfund balances which are owed within the governmental activities or business-type activities are netted and eliminated.

The following is a schedule of interfund transfers:

<u>Fund Transferred To</u>	<u>Fund Transferred From</u>	<u>Amount</u>	<u>Principal Purpose</u>
General	Highway	\$ 523,000	Machinery earnings
General	Human Services	94,459	Return to general fund
General	Debt Service	180	Return to general fund
			Incentive to pay off debt
Pleasant View Nursing Home	General	<u>276,459</u>	early
Sub-Total – Fund Financial Statements		894,098	
Less: Fund eliminations		(94,639)	
Less: Government-wide eliminations		<u>(552,918)</u>	
Total Transfers – Government-Wide Statement of Activities		<u>\$ 246,541</u>	

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

F. LONG-TERM OBLIGATIONS

Long-term obligations activity for the year ended December 31, 2014 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
GOVERNMENTAL ACTIVITIES					
Bonds and Notes Payable					
General obligation debt	\$ 11,655,000	\$ -	\$ 600,000	\$ 11,055,000	\$ 620,000
Other Liabilities					
Vested compensated absences	1,018,044	400,330	389,526	1,028,848	358,398
Capital leases	26,575	-	10,742	15,833	6,478
Total Other Liabilities	<u>1,044,619</u>	<u>400,330</u>	<u>400,268</u>	<u>1,044,681</u>	<u>364,876</u>

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

F. LONG-TERM OBLIGATIONS (cont.)

General Obligation Debt

All general obligation notes and bonds payable are backed by the full faith and credit of the county. Notes and bonds in the governmental funds will be retired by future property tax levies accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

In accordance with Wisconsin Statutes, total general obligation indebtedness of the county may not exceed 5% of the equalized value of taxable property within the county's jurisdiction. The debt limit as of December 31, 2014, was \$133,148,400. Total general obligation debt outstanding at year end was \$11,055,000.

	<u>Date of Issue</u>	<u>Final Maturity</u>	<u>Interest Rates</u>	<u>Original Indebted- ness</u>	<u>Balance 12/31/14</u>
Governmental Activities					
General Obligation Debt					
General obligation					
Bonds	12/1/07	12/1/27	4%	\$ 5,000,000	\$ 4,730,000
Refunding bonds	6/1/10	12/1/28	3.5% - 4.25%	8,235,000	<u>6,325,000</u>
Total					<u>\$ 11,055,000</u>

Debt service requirements to maturity are as follows:

<u>Years</u>	<u>Governmental Activities General Obligation Debt</u>	
	<u>Principal</u>	<u>Interest</u>
2015	\$ 620,000	\$ 421,862
2016	640,000	402,163

2019	710,000	330,775
2020 – 2024	3,975,000	1,233,915
2025 – 2028	<u>3,765,000</u>	<u>395,225</u>
Totals	<u>\$ 11,055,000</u>	<u>\$ 3,520,327</u>

Capital Leases

Refer to Note IV. G.

Other Debt Information

Estimated payments of compensated absences are not included in the debt service requirement schedules. The compensated absences liability attributable to governmental activities will be liquidated primarily by the general fund.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

G. LEASE DISCLOSURES

Lessee – Capital Leases

In 2009 through 2012, the county acquired capital assets through lease/purchase agreements. The gross amount of these assets under capital leases is \$54,786, which are included in capital assets in the governmental activities. In 2013, the Pleasant View Nursing Home acquired capital assets through a lease/purchase agreement. The gross amount of those assets under capital lease is \$14,282, which are included in property and equipment in the Pleasant View Nursing Home fund. In 2011, the highway acquired capital assets through lease/purchase agreements. The gross amount of these assets under capital lease is \$172,400, which are included in the property and equipment in the highway fund. Debt service requirements to maturity are as follows:

<u>Years</u>	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2015	\$ 6,477	\$ 856	\$ 39,867	\$ 1,087
2016	5,998	470	3,145	599
2017	3,358	125	3,234	198
Totals	\$ 15,833	\$ 1,451	\$ 46,246	\$ 1,884

Lessee – Operating Leases

The county has no material operating leases with a remaining noncancellable term exceeding one year.

Lessor – Capital Leases

The county has no material outstanding sales-type or direct financing leases.

Lessor – Operating Leases

The county does not receive material lease payments from property rented to others.

H. CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations require the county to place a final cover on its solid waste landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 40 years after closure. The county closed the landfill in 2000. Postclosure care costs will be paid over a period of 40 years after the date that the landfill stops accepting waste. The \$1,264,114 reported as landfill postclosure care liability at December 31, 2014, represents the cumulative amount reported to date based on the use of 100% of the estimated capacity of the landfill. These amounts are based on what it would cost to perform all postclosure care in 2014. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

H. CLOSURE AND POSTCLOSURE CARE COST (cont.)

The county, as required by state and federal laws and regulations, maintains a long term care trust to finance future closure and post closure costs. The Wisconsin Department of Natural Resources has determined that the fund is sufficient to complete the long term care work at the landfill and does not require annual contributions to the trust. At December 31, 2014, investments of \$979,157 are held for these purposes. These are reported as restricted assets. The county expects that this balance plus interest earnings on these funds will be sufficient to cover annual costs plus inflation for long-term care costs at some future date. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example) these costs may need to be covered by charges to future landfill users or from future tax revenue.

I. GOVERNMENTAL ACTIVITIES NET POSITION/FUND BALANCES

Governmental activities net position reported on the government wide statement of net position at December 31, 2014 includes the following:

Governmental Activities

Net investment in capital assets	
Land	\$ 1,649,800

NOTE V – OTHER INFORMATION

A. EMPLOYEES' RETIREMENT SYSTEM

All eligible county employees participate in the Wisconsin Retirement System (WRS), a cost-sharing, multiple-employer, defined benefit, public employee retirement system (PERS). All employees initially employed by a participating WRS employer prior to July 1, 2011, expected to work over 600 hours a year, and expected to be employed for at least one year from the employee's date of hire are eligible to participate in the WRS. All employees initially employed by a participating WRS employer on or after July 1, 2011, expected to work at least 1,200 hours a year, and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

Effective the first day of the first pay period on or after June 29, 2011, the employee required contribution was changed to one-half of the actuarially determined contribution rate for employees in the General Employment category and Executives and Elected Officials. Required contributions for protective contributions are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement. Contribution rates for 2014 were:

	<u>Employee</u>	<u>Employer</u>
General	7.00%	7.00%
Executives and Elected Officials	7.75%	7.75%
Protective with Social Security	7.00%	10.10%
Protective without Social Security	7.00%	13.70%

The payroll for county employees covered by WRS for the year ended December 31, 2014 was \$16,319,288; the employer's total payroll was \$17,231,348. The total required contribution for the year ended December 31, 2014 was \$2,370,513 or 14.53 percent of covered payroll. Of this amount, 100 percent was contributed for the current year. Total contributions for the years ended December 31, 2013 and 2012 were \$2,296,052 and \$1,926,410, respectively, equal to the required contributions for each year.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE V – OTHER INFORMATION (cont.)

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Employees who retire at or after age 65 (62 for elected officials and 54 for protective occupation employees with less than 25 years of service, 53 for protective occupation employees with more than 25 years of service) are entitled to receive a retirement benefit. Employees may retire at age 55 (50 for protective occupation employees) and receive actuarially reduced benefits. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor. A final average earnings is the average of the employee's three highest years' earnings. Employees terminating covered employment and submitting an application before becoming eligible for a retirement benefit may withdraw their contributions and, by doing so, forfeit all rights to any subsequent benefit. For employees beginning participation on or after January 1, 1990 and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998 and prior to July 1, 2011 are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011 must have five years of creditable service to be vested.

WRS also provides death and disability benefits for employees. Eligibility and the amount of all benefits are determined under Chapter 40 of Wisconsin Statutes.

WRS issues an annual financial report which may be obtained by writing to the Department of Employee Trust Funds, P.O. Box 7931, Madison, WI 53707-7931.

B. RISK MANAGEMENT

The county is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers' compensation; and health care of its employees. The county participates in a public entity risk pool called Wisconsin County Mutual Insurance Corporation to provide coverage for losses from torts; theft of, damage to, or destruction of assets; errors and omission; and workers' compensation. However, other risks, such as health care of its employees, are covered through the purchase of commercial insurance, with minimal deductibles. Settled claims have not exceeded available coverage in any of the three prior years. There were no significant reductions in coverage compared to the prior year.

Public Entity Risk Pool

Wisconsin County Mutual Insurance Corporation

Fifty-five Wisconsin counties jointly participate in the Wisconsin County Mutual Insurance Corporation (WCMIC) for general and automobile liability insurance. The creation of the County Mutual requires the establishment of capital reserves with each of the participating counties depositing amounts as specified in projected rates. This company began operation on January 1, 1988.

The governing body is made up of nineteen directors elected by the participating counties. The governing body has authority to adopt its own budget and control the financial affairs of the corporation.

Summary financial information of WCMIC as of December 31, 2014 can be obtained directly from WCMIC's offices.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE V – OTHER INFORMATION (cont.)

C. COMMITMENTS AND CONTINGENCIES

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental fund types if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the county is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the county attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the county's financial position or results of operations.

The county has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

Pleasant View Nursing Home recorded revenues of \$1,031,668 in 2014 through the Supplemental Payment Program to help offset the use of local dollars to subsidize government-operated nursing homes. Pleasant View Nursing Home may have to repay a portion of these funds at a later date pending the outcome of a federal audit of the state's Medicaid Program.

The county is currently negotiating its landfill contracts for 2014 and beyond. Depending on the outcome of these negotiations, levels of service at the landfill may change.

D. JOINT VENTURE

Green County, Lafayette County, and Iowa County jointly operate the Tri-County Trails Commission (the "commission") which maintains and manages the Monroe to Mineral Point railroad right-of-way for use as an all year, all purpose public recreational corridor.

The governing body is made up of commissioners from each county. Local representatives are appointed by the chair of their respective county boards. The governing body has authority to adopt its own budget and control the financial affairs of the commission.

Financial information of the commission as of December 31, 2014 is available directly from the commission's office.

E. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved the following:

- > Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*
- > Statement No. 71, *Pension – Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB No. 68*

When they become effective, application of these standards may restate portions of these financial statements.

GREEN COUNTY

NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2014

NOTE V – OTHER INFORMATION (cont.)

F. ECONOMIC DEPENDENCY

In 2014, approximately 62% of Nursing Home resident days were the responsibility of the Title XVIII (Medicare) or Title XIX (Medical Assistance) programs that are funded by the United States government and the State of Wisconsin.

Pleasant View Nursing Home has determined that the equipment and mechanical needs anticipated for the years 2015-2019 will be approximately \$790,000 per year. A county referendum was passed in August 2014 to approve additional funding from the county in these years. As of December 31, 2014, Pleasant View Nursing Home had a deficit cash position of \$410,871, which is reflected on the statement of net position as due to other funds.

GREEN COUNTY

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2014

BUDGETARY INFORMATION

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I.C.

The budgeted amounts presented include any amendments made. The county may authorize transfers of budgeted amounts within departments. Transfers between departments and changes to the overall budget must be approved by a two-thirds board action.

Appropriations lapse at year end unless specifically carried over. Carryovers to the following year were \$3,128,149 and \$684,610 in the general fund and human services fund, respectively. Budgets are adopted at the detail level of expenditures.
