## INDEPENDENT AUDITORS' REPORT

To the County Board  
Green County  
Monroe, Wisconsin

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Green County, Wisconsin, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise Green County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to Green County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Green County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Green County, Wisconsin, as of December 31, 2017 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Green County's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we will issue a report on our consideration of Green County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Green County's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

As management of Green County, Wisconsin, we offer readers of the county's financial statements this narrative overview and analysis of the financial activities of the county for the fiscal year ended December 31, 2017. We encourage readers to consider the information presented here in conjunction with the county's financial statements and the notes to the financial statements.

---

### **FINANCIAL HIGHLIGHTS**

---

- > The assets of Green County exceeded its liabilities as of December 31, 2017 by \$63,914,341 (net position). Of this amount, \$15,341,618 (unrestricted net position) may be used to meet the government's obligations to citizens and creditors. The total net position includes all major infrastructure networks.
  - > The county's total net position decreased by \$1,520,816.
  - > As of December 31, 2017 Green County's governmental funds reported a combined ending fund balance of \$20,299,944. Of this amount \$6,314,948 is assigned to offset 2018 operations; \$3,872,228, approximately 19%, is unassigned and available for use within the county's designations and policies.
  - > At the end of the current fiscal year, the unassigned fund balance for the general fund was approximately 20% of the total general fund expenditures.
  - > At the end of the current fiscal year, general obligation debt is \$21,714,548, approximately 15% of the county's total debt limit of \$146,247,490.
- 

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

---

This discussion and analysis is intended to serve as an introduction to the county's basic financial statements. The county's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### ***GOVERNMENT-WIDE FINANCIAL STATEMENTS***

The government-wide financial statements are designed to provide readers with a broad overview of the county's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the county's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Green County is improving or deteriorating. To assess the overall health of the county you need to consider additional non-financial factors such as changes in the county's property tax base and the condition of the county's infrastructure.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)**

---

#### ***GOVERNMENT-WIDE FINANCIAL STATEMENTS (cont.)***

The Statement of Activities presents information showing how the county's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. (e.g., uncollected taxes and earned but unused compensated absences).

Both government-wide financial statements distinguish functions of Green County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the county include general government; public safety; public works; health and human services; culture, education and recreation; and conservation and development. The business-type activities of the county include the Pleasant View Nursing Home, highway department, and the solid waste management facility.

The government-wide financial statements can be found on pages 1-3 of this report.

#### ***FUND FINANCIAL STATEMENTS***

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Green County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the county can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

*Governmental Funds* – Most of the county's basic services are reported in governmental funds. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily used for cash. Governmental funds are used to account for essentially the same functions reported as governmental activities in the governmental-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. In doing so, readers may better understand the long-term impact of the county's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)**

---

#### *FUND FINANCIAL STATEMENTS (cont.)*

Green County maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, and expenditures, and changes in fund balances for the General Fund, the Human Services Special Revenue Fund, Debt Service Fund and Capital Projects Fund which are considered to be major funds. Revolving Loan Special Revenue Fund is the only fund that is not major.

The county adopts an annual appropriated budget for all its governmental funds. As part of the required supplementary information, budgetary comparison statements have been provided in detail for the General Fund, and in summary for the Human Services Special Revenue Fund, to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 4-8 of this report.

*Proprietary Funds* – When the county charges customers for the services it provides – whether to outside customers or to other units of the county – these services are generally reported in proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The county uses enterprise funds to account for its solid waste operations, nursing home, and highway operations.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. These statements provide separate information for Pleasant View Nursing Home, the landfill, and highway since they are considered to be major funds of the county.

The basic proprietary fund financial statements can be found on pages 9-13 of this report.

*Fiduciary Funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the county's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The county uses one particular type of fiduciary fund called an agency fund. All agency funds are combined into a single aggregated presentation in the agency fund financial statement. Individual fund data for the agency funds is provided in the form of a combining statement elsewhere in this report. The basic agency fund financial statement can be found on page 14 of this report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **OVERVIEW OF THE FINANCIAL STATEMENTS (cont.)**

---

#### ***FUND FINANCIAL STATEMENTS (cont.)***

*Notes to the Financial Statements* – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 15-50.

*Other Information* – In addition to the basic financial statements and accompanying notes, *required supplementary information* includes a budgetary comparison schedule for the General Fund and the Human Services Special Revenue Fund to demonstrate compliance with the budget. This section also provides information regarding the county's proportionate share of the net position asset and employer contributions to the Wisconsin Retirement System. These schedules and accompanying notes can be found on pages 51-59 of this report. The combining statements referred to earlier in connection with non-major governmental funds and agency funds is presented immediately following the required supplementary information. Combining statements can be found on page 60.

---

### **FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE**

---

An analysis of the county's financial position begins with a review of the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position. These two statements report the county's net position and changes therein. It should be noted that the financial position can also be affected by non-financial factors, including economic conditions, population growth and new regulations.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Green County, assets exceeded liabilities by \$63,914,341 as of December 31, 2017. At the end of the current fiscal year, Green County is able to report positive balances in all three categories of net position, for the government as a whole, as well as for its governmental activities and business-type activities separately.

The next two tables include comparative data of net position for the years ended December 31, 2017 and December 31, 2016.

	<u>Governmental Activities</u>		<u>Business - Type Activities</u>		<u>Totals</u>	
	<u>2017</u>	<u>2016</u>	<u>2017</u>	<u>2016</u>	<u>2017</u>	<u>2016</u>
Current and Other Assets	\$ 38,352,225	\$ 33,652,163	\$ 4,695,737	\$ 5,284,423	43,047,962	38,936,586
Capital Assets	54,932,131	49,651,866	7,652,546	7,169,546	62,584,677	56,821,412
Total Assets	<u>93,284,356</u>	<u>83,304,029</u>	<u>12,348,283</u>	<u>12,453,969</u>	<u>105,632,639</u>	<u>95,757,998</u>
Deferred Outflow s of Resources	<u>4,538,318</u>	<u>6,523,763</u>	<u>3,264,911</u>	<u>4,681,040</u>	<u>7,803,229</u>	<u>11,204,803</u>
Long-term Liabilities Outstanding	23,525,145	15,070,497	1,265,769	1,687,475	24,790,914	16,757,972
Other Liabilities	2,940,329	2,377,013	2,690,374	2,699,984	5,630,703	5,076,997
Total Liabilities	<u>26,465,474</u>	<u>17,447,510</u>	<u>3,956,143</u>	<u>4,387,459</u>	<u>30,421,617</u>	<u>21,834,969</u>
Deferred Inflow s of Resources	<u>16,942,644</u>	<u>17,097,176</u>	<u>2,157,266</u>	<u>2,595,499</u>	<u>19,099,910</u>	<u>19,692,675</u>
Net Position:						
Net Investment in Capital Assets	39,054,681	39,386,225	7,416,498	7,009,706	46,471,179	46,395,931
Restricted	2,101,544	2,057,125	-	-	2,101,544	2,057,125
Unrestricted	<u>13,258,331</u>	<u>13,839,756</u>	<u>2,083,287</u>	<u>3,142,345</u>	<u>15,341,618</u>	<u>16,982,101</u>
Total Net Position	<u>\$ 54,414,556</u>	<u>\$ 55,283,106</u>	<u>\$ 9,499,785</u>	<u>\$ 10,152,051</u>	<u>\$ 63,914,341</u>	<u>\$ 65,435,157</u>

The largest portion of the county's net position (approximately 73%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure, etc.); less any related debt used to acquire those assets that is still outstanding. The county uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the county's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt, must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the county's net position (3%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, \$15,341,618, may be used to meet the county's ongoing obligations to citizens and creditors.

**Analysis of the County's Operations** – The following table provides a comparison summary of the county's operations for the years ended December 31, 2017 and December 31, 2016. Governmental activities experienced a decrease in net position of \$868,550. Business-type activities experienced a decrease in net position of \$652,266.

### FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE (cont.)

---

The major sources of revenue for business-type activities are charges for services; other revenues, including property taxes, make up approximately 8% of total revenues.

---

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

---

#### **GOVERNMENTAL FUNDS**

The focus of Green County's governmental fund statements is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the county's financing requirements. In particular, unrestricted fund balance may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, Green County's governmental funds reported combined ending fund balances of \$20,299,944. Approximately 50% or \$10,187,176 constitutes unrestricted fund balance. Of the remaining fund balance, \$1,696,135 is classified as nonspendable -- \$557,958 for prepaid items and \$1,138,177 for long-term receivables. An additional amount of \$8,416,633 is restricted, \$325,473 for grant purposes, \$77,297 for jail improvement, \$51,946 for land information, \$371,976 is donor-restricted, \$1,161,991 for revolving loans, \$259,310 for Debt Service and \$6,168,640 for future capital projects.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (cont.)**

---

#### ***GOVERNMENTAL FUNDS (cont.)***

The total unrestricted fund balance of \$10,187,176 is divided into separate classifications of assigned and unassigned. \$6,314,948 is assigned fund balance and is intended to be used for specific types of activities as follows:

- > Funds intended to reduce the tax levy for next fiscal year are \$2,597,162 from county sales tax collections.
- > An amount of \$986,301 is intended for future highway projects; \$846,083 is intended for human services programs, and \$158,560 for law enforcement operations. The remainder is intended for specialized activities including health programs, conservation and educational programs, and information technology improvements.

The remaining \$3,872,228 or 19% of the total fund balance is classified as unassigned.

#### ***General Fund***

The county's General Fund is used to account for the majority of the county's operations with the exception of the Human Services Department and the business activities recorded in other major funds. Operations included in the General Fund include the departments of Family Court Commissioner, Corporation Counsel, Finance, Child Support, Property and Building Management, Veterans' Service, Emergency Management, Public Health, Parks, University Extension, Land Conservation, Public Works, Tourism, Community Development and the newly created Human Resources. This fund also accounts for the activity of the elected offices of the County Clerk, the Sheriff, the Coroner, the Clerk of Courts, the District Attorney, the County Treasurer, and the Register of Deeds.

During the current year, the fund balance of the General Fund increased by \$128,779. Major factors that make up this change are as follows:

- > Human Services had higher than expected revenues and returned \$771,870 of unused funds to the General Fund.
- > Used Information Technology (IT) funds of \$123,382 were added to the General Fund for future IT consultant needs.

#### ***Human Services***

The Human Services fund is used to account for the revenues and expenditures associated with the Human Services Department. The majority of the funding comes from a wide variety of intergovernmental revenues for community based waiver programs, Aging & Disability Resource Centers and collections, including medical assistance. The total county contribution for Human Services programs in 2017 was \$2,310,125 or 21% of total 2017 expenditures. This amount is net of returning \$771,870 to the general fund at the end of the year. The decreased tax levy required can be attributed to higher than anticipated revenues.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (cont.)**

---

#### ***GOVERNMENTAL FUNDS (cont.)***

At the end of the current fiscal year, the Human Services fund had a fund balance of \$1,339,310. Of this balance, \$493,227 is restricted; \$371,976 is the amount remaining from a bequest to be used for programs for the elderly, and the balance is grant funding for specific programs. The assigned portion of the fund balance, \$846,083, represents program specific revenue retained for future expenditures.

#### ***Capital Projects***

The Capital Projects Fund is used to account for and report financial resources for expenditures for capital outlays, including the acquisition or construction of capital facilities or other capital assets.

At the end of the current fiscal year, the Capital Projects Fund had a fund balance of \$6,168,640, an increase of \$3,503,142. The majority of the balance, \$6,151,166 is the balance of the proceeds from the first bond issue for the new Government Services building less related construction expenditures. The remaining \$17,474 is reserved for future capital projects at the Justice Center.

#### ***Debt Service***

The Debt Service Fund accounts for the accumulation of resources for, and the payment of general long-term debt principal, interest and related costs. Total payments in 2017 included \$355,000 for principal and \$213,662 in interest for the 2010 bonds. In July 2017, the County issued \$9,500,000 of general obligation bonds for the second of three issuances for the construction of the new Government Services building. In November 2017, the County refinanced the 2007 general obligation bonds. The refinancing will save the County \$406,515 in interest over the next ten years. At the end of 2017, the total general obligation long term debt of Green County was \$21,610,000 in the governmental activities and \$104,548 in highway.

#### ***Revolving Loan Fund***

The Revolving Loan Fund accounts for Economic Development grants to Green County for business loans. As loans are repaid Green County uses the funds to loan to other businesses. The principal amount of outstanding loans as of December 31, 2017 was \$437,864. During 2017, the balance of the loans decreased by \$95,038. Three loans were paid off in 2017 and there were no new loan applications.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS (cont.)**

---

#### ***PROPRIETARY FUNDS***

Green County's proprietary fund statements provide the same type of information found in the county's government-wide financial statements, but in more detail.

At the end of the current fiscal year, Green County's proprietary funds reported combined net position was \$9,499,785. Of this amount, \$7,416,498 is the net investment in capital assets and \$2,083,287 is unrestricted.

#### ***Pleasant View Nursing Home***

This fund is used to account for the operations of the county nursing home. In addition to charges for services, the nursing home receives grant funding from the intergovernmental transfer program and supplemental funding from county tax dollars. For the current fiscal year, Pleasant View Nursing Home received \$983,100, approximately 9% of their operating expenses, from the intergovernmental transfer program. The County provided \$789,689 in tax dollars to supplement nursing home operations, approximately 7% of total operating expenses. The net position of Pleasant View Nursing Home decreased by \$560,006. This is due to adjustments related to the pension liability, deferred inflows and outflows under GASB 68 of \$384,065 and the net value of new equipment purchases.

#### ***Landfill***

The landfill fund is used to account for the county's solid waste management operations. The landfill officially closed for waste disposal in 2000, but continues to operate as a transfer station. All expenses are charged to users, no county tax dollars support landfill operations. The county is liable for long-term care and post closure monitoring for 40 years after closure. The landfill shows a deficit balance of \$531,629 in unrestricted net position due to this liability for long-term care and post closure monitoring of the landfill site.

#### ***Highway***

The highway fund operates as an enterprise fund providing services to the county, state, and local governments for maintenance and construction of roads located in the county. The general fund is responsible for maintenance of county highways. The highway department maintains state and town roadways on a contract reimbursement basis with the State of Wisconsin and other local governments. Total net position for the highway fund decreased by \$95,113.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **GENERAL FUND BUDGETARY HIGHLIGHTS**

---

Green County officially amends the budget at the end of the year after final appropriations are determined. Transfers may be made during the year as legislated by the County Board of Supervisors. Actual 2017 revenues exceeded original budgeted amounts by \$697,358. Major factors affecting this variance are as follows:

- > Taxes, mainly county sales tax and real estate transfer tax exceeded budgeted amounts by \$387,157.
- > Investment and miscellaneous revenues exceeded budgeted amounts by \$88,700.
- > Zoning permits exceeded the budget by \$79,402.
- > Charges to other governmental units and the public exceeded original estimates by \$107,968.

As a total, the final general fund expenditures were lower than original budgeted amounts by \$139,119. The major areas contributing to this variance were the General Government expenditures were less than budget due to lower legal, IT, and autopsy fees.

As a result of general fund operations in 2017, a net amount of \$591,544 was returned to unassigned fund balance. More detail about the general fund budget to actual comparison may be found in Required Supplementary Information on pages 51-56 of this report.

---

### **CAPITAL ASSETS**

---

At the end of 2017, Green County had a total \$62,584,677 invested in capital assets (net of accumulated depreciation). The majority of these assets (88%) \$54,932,131 relate to governmental activities and \$7,652,546 are in business-type activities. This investment in capital assets includes land, land improvements, construction work in progress, buildings, machinery and equipment, and infrastructure.

Major additions for governmental activities for 2017 include:

- > \$1,216,491 for county roads.
- > \$188,607 to replace vehicles in the Sheriff's Office.
- > \$22,390 to replace aging computer equipment throughout the county.
- > \$118,571 to replace the dispatch console at the Sheriff's Office.
- > \$5,958,749 for construction in progress at the new Government Services Building.
- > \$38,714 to repair the cooling tower and boiler and \$28,509 to replace the parking lot at the Courthouse.
- > \$17,504 to replace the convection oven and dishwasher at the Jail.

# GREEN COUNTY

## MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) As of and for the Year Ended December 31, 2017

---

### **CAPITAL ASSETS (cont.)**

---

Major increases for business-type activities include:

- > \$605,730 for highway machinery & equipment.
- > Purchases at the nursing home include doors and boiler-mechanical upgrade for \$492,702, and beds, copier and nursing chairs for \$15,909.
- > \$198,818 for a tractor and trailer at the Landfill.

More detailed information about Green County's capital assets may be found in Note IV. D on pages 33-34 of this report.

---

### **LONG-TERM DEBT**

---

At the end of 2017, the total of Green County's general obligation debt was \$21,610,000 for governmental activities and \$104,548 in the highway fund. In accordance with Wisconsin State Statutes, Chapter 67, Green County's total general obligation debt may not exceed 5% of the equalized value of the taxable property within the county's jurisdiction. The debt limit as of December 31, 2017, was \$146,247,490.

More detailed information on the county's long-term debt can be found in Note IV. F on pages 36-38 of this report.

---

### **CURRENTLY KNOWN FACTS**

---

All currently known facts and economic conditions were considered in preparing the 2018 county budget.

---

### **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

---

This financial report is designed to provide a general overview of Green County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Green County Finance Director, Courthouse, 1016 16th Avenue, Monroe, WI 53566.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds (see Note II A).

Some receivables that are not currently available are reported as unavailable revenue in the fund financial statements but are recognized as revenue when earned in the government-wide statements (see Note IV B).

Deferred outflows of resources related to pensions do not relate to current financial resources and are not reported on the governmental funds.

Deferred inflows of resources related to pensions do not relate to current financial resources and are not reported in the governmental funds.

Some liabilities, including long-term debt, are not due and payable in the current period and, therefore, are not reported in the funds (see Note II A).

## GREEN COUNTY

### RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES For the Year Ended December 31, 2017

---

Net change in fund balances - total governmental funds	\$ 3,800,812
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of net position the cost of these assets is capitalized and they are depreciated over their estimated useful lives with depreciation expense reported in the statement of activities.	
Capital outlay is reported as an expenditure in the fund financial statements but is capitalized in the government-wide financial statements	5,963,265
Some items reported as expenditures in the fund financial statements but are capitalized in the government-wide financial statements	1,653,794
Depreciation is reported in the government-wide statements	(2,293,750)
Net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins) is to decrease net position.	(43,044)
Receivables not currently available are reported as revenue when collected or currently available in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements.	(20,416)
Debt and lease proceeds provide current financial resources to governmental funds, but issuing these obligations increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
Principal repaid	4,515,000
Debt issued	(13,330,000)
Governmental funds report the effect of premiums, discounts and other similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	
Current year premium	(343,360)
Amortization of premium	5,300
Some expenses in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	
Compensated absences	114,012
Accrued interest on debt	(108,236)
Net pension liability	584,400
Deferred outflows of resources related to pensions	(1,985,445)
Deferred inflows of resources related to pensions	<u>619,118</u>
<b>CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES</b>	<b><u>\$ (868,550)</u></b>

See accompanying notes to financial statements.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### **NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

---

The accounting policies of Green County, Monroe, Wisconsin conform to generally accepted accounting principles as applicable to governmental units. The accepted standard setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

#### **A. REPORTING ENTITY**

This report includes all of the funds of the county. The reporting entity for the county consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The county has not identified any organizations that meet these criteria.

#### **B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

##### ***Government-Wide Financial Statements***

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The county does not allocate indirect expenses to functions in the statement of activities. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenues.

##### ***Fund Financial Statements***

Financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts, which constitute its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position/fund balance, revenues, and expenditure/expenses.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### **B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)**

##### ***Fund Financial Statements (cont.)***

Funds are organized as major funds or nonmajor funds within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the county or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. The same element of the individual governmental fund or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- c. In addition, any other governmental or enterprise fund that the county believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds and proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The county reports the following major governmental funds:

General Fund – accounts for the county’s primary operating activities. It is used to account for and report all financial resources except those accounted and reported for in another fund.

Human Services Special Revenue Fund – used to account for and report grants and local revenues legally restricted or committed to supporting expenditures for human services related programs.

Debt Service Fund – used to account for and report financial resources that are restricted, committed, or assigned to expenditure for the payment of general long-term debt principal, interest, and related costs.

Capital Projects Fund – used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets.

The county reports the following major enterprise fund:

Pleasant View Nursing Home – accounts for operations of the nursing home

Landfill – accounts for operations of the landfill

Highway – accounts for operations of the highway department

The county reports the following nonmajor governmental funds:

Special Revenue Fund – used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes (other than debt service or capital projects).

Revolving loan

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### **B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (cont.)**

##### ***Fund Financial Statements (cont.)***

In addition, the county reports the following fund types:

Agency funds are used to account for and report assets held by the county in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. Agency funds include the Sheriff's Trust Account, Huber Law, Clerk of Courts, Drainage Districts, Tax Collection, and Municipal Tax Collection funds.

#### **C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION**

##### ***Government-Wide Financial Statements***

The government-wide statement of net position and statement of activities are reported using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Property taxes are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and deferred inflows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

##### ***Fund Financial Statements***

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the county considers revenues to be available if they are collected within 60 days of the end of the current fiscal period except for human services reimbursable grants, for which available is defined as six months. This is necessary to provide proper matching of grant revenues with the related expenditures. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a fund liability when expected to be paid with expendable available financial resources.

Property taxes are recorded in the year levied as receivables and deferred inflows. They are recognized as revenues in the succeeding year when services financed by the levy are being provided.

Sales taxes are recognized as revenues in the year in which the underlying sales relating to it takes place.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### **C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (cont.)**

##### ***Fund Financial Statements (cont.)***

Intergovernmental aids and grants are recognized as revenues in the period the county is entitled the resources and the amounts are available. Amounts owed to the county which are not available are recorded as receivables and unavailable revenues. Amounts received before eligibility requirements (excluding time) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows.

Revenues susceptible to accrual include property taxes, miscellaneous taxes, public charges for services, and interest. Other general revenues such as fines and forfeitures, inspection fees, recreation fees, and miscellaneous revenues are recognized when received in cash or when measurable and available under the criteria described above.

Proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as described previously in this note. Agency funds follow the accrual basis of accounting, and do not have a measurement focus.

The proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Pleasant View Nursing Home, Landfill, and Highway funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

##### ***All Financial Statements***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### **D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY**

##### **1. Deposits and Investments**

For purposes of the statement of cash flows, the county considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of county funds is restricted by state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank or trust company.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

**D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

**1. Deposits and Investments (cont.)**

- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.
- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

The county has adopted an investment policy that follows the state statute for allowable investments.

***Custodial Credit Risk***

The county's investment policy states that funds placed in any single depository institution above \$650,000 must be 100% collateralized as to principal and accrued interest with securities that are obligations of the U.S. Government or its agencies that are fully guaranteed by the U.S. Government. Securities held as collateral shall be delivered for safekeeping to a custodial bank approved by the county. At December 31, 2017, the county has deposits which do not meet the previous criteria and are uninsured and uncollateralized. See Note IV.A.

***Credit Risk***

The county's investment policy states the county may invest in securities issued or guaranteed by the U.S. Government, U.S. Treasury obligations, State of Wisconsin local government investment pool, and corporate bonds issued by U.S. companies that are rated the highest or second highest rating category of a nationally recognized rating agency, and other allowable investments. Complete details are available in the county's investment policy.

***Interest Rate Risk***

The county's investment policy states the county may invest in U.S. Treasury obligations with a final maturity not exceeding five years, repurchase agreements with a termination date of 180 days or less, and corporate bonds with maturities not exceeding three years. At December 31, 2017, the county has U.S. Treasuries which do not meet the previous criteria and has final maturity exceeding five years.

Investments are stated at fair value, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on methods and inputs as outline in Note IV.A. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of various accounting funds is allocated based on average balances. The difference between the bank balance and carrying value is due to outstanding checks and/or deposits in transit.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### **D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

##### **1. Deposits and Investments (cont.)**

The Wisconsin Local Government Investment Pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2017, the fair value of the county's share of the LGIP's assets was substantially equal to the amount as reported in these statements.

See Note IV.A. for further information.

##### **2. Receivables**

Property taxes are levied in December on the assessed value as of the prior January 1. They are not legally available for appropriation until the ensuing year. In addition to property taxes for the county, taxes are collected for and remitted to the state government as well as the local school district and technical college district. Taxes for all state and local governmental units billed in the current year for the succeeding year are reflected as receivables and due to other governmental units on the Statement of Assets and Liabilities – Agency Funds.

Property tax calendar – 2017 tax roll:

Lien date and levy date	December 2017
Tax bills mailed	December 2017
Payment in full, or	January 31, 2018
First installment due	January 31, 2018
Second installment due	July 31, 2018
Personal property taxes in full	January 31, 2018
Tax sale – 2017 delinquent real estate taxes	October 2020

Property taxes are due, in the year subsequent to levy, on the last day of January, and collected by local treasurers through that date, at which time unpaid taxes are assigned to the county and appropriate receivables and payables are recorded. Tax collections become the responsibility of the county and taxes receivable include unpaid taxes levied for all taxing entities within the county. The county makes restitution to local districts in August for payables recorded at the settlement date without regard to collected funds. A lien is placed on all properties for which a portion of the current tax levy remains unpaid as of September 1. The interest and penalties on taxes not paid within 60 days of the end of the current fiscal period is shown as deferred inflows until it is received in cash.

The portion of county property taxes receivable at December 31, 2017, which relates to taxes initially levied by other municipalities and uncollected within sixty days after year-end, has been reflected in the financial statements as nonspendable fund balance of \$624,644.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

#### **D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

##### **2. Receivables (cont.)**

Accounts receivable in all funds have been adjusted for all known uncollectible accounts. No allowance for uncollectible delinquent taxes has been provided because of the county's demonstrated ability to recover any losses through the sale of the applicable property.

Pleasant View Nursing Home uses the allowance method to provide for losses from uncollectible accounts. The allowance is maintained at a level which management feels is sufficient to cover potential uncollectible accounts. The allowance for doubtful accounts was \$81,074 at December 31, 2017 and \$65,490 in bad debts were written off during 2017.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "due to and from other funds." Long-term interfund loans (noncurrent portion) are reported as "advances from and to other funds." Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

The county has a 0.5% sales tax which is collected by the State of Wisconsin and remitted to the county monthly. Sales tax is accrued as a receivable when the underlying sale relating to it takes place. At December 31, 2017, the county has accrued two months of subsequent year's collections as receivable.

The county has received federal grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The county records a loan receivable when the loan has been made and funds have been disbursed. The amount recorded as economic development and housing rehabilitation loans receivable has not been reduced by an allowance for uncollectible accounts.

It is the county's policy to record revenue when the initial loan is made from the federal grant funds. When new loans are made from loan repayments, expenditures are recorded. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year end are presented as restricted fund balance in the fund financial statements.

##### *Pleasant View Nursing Home*

Pleasant View Nursing Home ("nursing home") revenues are recorded based on actual service rendered, with billings made to residents monthly. The nursing home does not accrue revenues beyond billing dates.

Resident accounts receivable includes amounts receivable for services rendered to residents under the Title XIX Wisconsin Medical Assistance Program (Medicaid). The nursing home reported revenues of \$3,099,919 from the Title XIX patients in 2017. These revenues are subject to audit and retroactive adjustment by the Medical Assistance Program. Resident accounts receivable also includes amounts receivable for services rendered to residents under the Medicare Program. The nursing home reported revenues of \$2,278,604 from the Medicare Program in 2017. These revenues are subject to audit and retroactive adjustment by the Medicare Program. All amounts are considered to be collectible in the following year.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

**D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

**3. Inventories and Prepaid Items**

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and/or for operation and maintenance work. They are not for resale. They are valued at cost based on the first-in/first-out (FIFO) method of accounting.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**4. Restricted Assets**

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements and other external parties. Current liabilities payable from these restricted assets are so classified. The excess of restricted assets over current liabilities payable from restricted assets will be used first for retirement of related long-term debt. The remainder, if generated from earnings, is shown as restricted net position.

**5. Capital Assets**

**Government-Wide Statements**

Capital assets, which include property, plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the government as assets with an initial cost of more than \$5,000 for general capital assets, with the exception of those reported in the Pleasant View Nursing Home fund which reports general capital assets with an initial cost of \$1,000 or more, and an estimated useful life in excess of one year. Infrastructure assets include those with an initial cost of \$25,000 or more, and an estimated useful life in excess of one year. In addition, a \$20,000 threshold has been established for remodeling projects. All capital assets are valued at historical cost, or estimated historical cost, if actual amounts are unavailable. Donated fixed assets are recorded at their estimated fair value at the date of donation.

Additions to and replacements of capital assets of business-type activities are recorded at original cost, which includes material, labor, overhead, and an allowance for the cost of funds used during construction when significant. For tax-exempt debt, the amount of interest capitalized equals the interest expense incurred during construction netted against any interest revenue from temporary investment of borrowed fund proceeds. No interest was capitalized during the current year. The cost of renewals and betterments relating to retirement units is added to plant accounts. The cost of property replaced, retired, or otherwise disposed of, is deducted from plant accounts and, generally, together with removal costs less salvage, is charged to accumulated depreciation.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

**D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

**5. Capital Assets (cont.)**

**Government–Wide Statements (cont.)**

Depreciation and amortization of all exhaustible capital assets are recorded as an allocated expense in the statement of activities, with accumulated depreciation and amortization reflected in the statement of net position. Depreciation and amortization are provided over the assets' estimated useful lives using the straight-line method. The range of estimated useful lives by type of asset is as follows:

Buildings and improvements	25 - 40 Years
Land Improvements	20 - 30 Years
Machinery and Equipment	2 - 20 Years
Infrastructure	20 - 50 Years
Intangibles	5 - 20 Years

**Fund Financial Statements**

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same way as in the government-wide statements.

**6. Deferred Outflows of Resources**

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

**7. Compensated Absences**

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and are payable with expendable available resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at December 31, 2017 are determined on the basis of current salary rates and include salary related payments.

**8. Long-Term Obligations**

All long-term obligations to be repaid from governmental and business-type resources are reported as liabilities in the government-wide statements. The long-term obligations consist primarily of notes and bonds payable, and accrued compensated absences.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

**D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

**8. Long-Term Obligations (cont.)**

Long-term obligations for governmental funds are not reported as liabilities in the fund financial statements. The face value of debts (plus any premiums) is reported as other financing sources and payments of principal and interest are reported as expenditures. The accounting in proprietary funds is the same as it is in the government-wide statements.

For the government-wide statements and proprietary fund statements, bond premiums and discounts are deferred and amortized over the life of the issue using the effective interest method. The balance at year end is shown as an increase or decrease in the liability section of the statement of net position.

**9. Deferred Inflows of Resources**

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

The highway fund includes deferred inflows of resources for the unearned revenues from transportation costs pools.

**10. Equity Classifications**

**Government-Wide Statements**

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When both restricted and unrestricted resources are available for use, it is the county’s policy to use restricted resources first, then unrestricted resources as they are needed.

**Fund Statements**

Governmental fund balances are displayed as follows:

- a. Nonspendable – Includes fund balance amounts that cannot be spent either because they are not in spendable form or because legal or contractual requirements require them to be maintained intact.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

---

**D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION OR EQUITY (cont.)**

**10. Equity Classifications (cont.)**

**Fund Statements (cont.)**

- b. Restricted – Consists of fund balances with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- c. Committed – Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority. Fund balance amounts are committed through a formal action (resolution) of the county. This formal action must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the county that originally created the commitment.
- d. Assigned – Includes spendable fund balance amounts that are intended to be used for specific purposes that do not meet the criteria to be classified as restricted or committed. The County Board has, by resolution, adopted a financial policy authorizing the Board to assign amounts for a specific purpose. Assignments may take place after the end of the reporting period.
- e. Unassigned – Includes residual positive fund balance within the general fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

Proprietary fund equity is classified the same as in the government-wide statements.

The county considers restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the county would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The county has a formal minimum fund balance policy. That policy states that an unassigned general fund balance shall be maintained as of December 31 of each year equal to a minimum of 2 months (or 17%) of the ensuing year's budgeted general fund expenditures. The unassigned general fund balance at year end was \$3,872,228 or 20%.

See Note IV.I. for further information.

**11. Pension**

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE II – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

**A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE STATEMENT OF NET POSITION**

The governmental fund balance sheet includes reconciliation between *fund balance – total governmental funds* and *net position – governmental activities* as reported in the government-wide statement of net position. The details of this reconciliation include the following items:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds.

Land	\$	1,649,800
Construction in progress		6,274,306
Land improvements		299,841
Buildings and improvements		15,551,605
Machinery and equipment		3,547,268
Infrastructure		78,076,721
Intangibles		105,000
Less: Accumulated depreciation		<u>(50,572,410)</u>
Capital Assets	\$	<u>54,932,131</u>

Long-term liabilities applicable to the county’s governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. All liabilities—both current and long-term—are reported in the statement of net position.

Bonds and notes payable	\$	21,610,000
Compensated absences		874,901
Net pension liability		596,178
Premium on long-term debt		444,066
Accrued interest		<u>146,450</u>
Combined Adjustment for Long-Term Liabilities	\$	<u>23,671,595</u>

### NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

**A. EXCESS EXPENDITURES OVER APPROPRIATIONS**

Funds	Budgeted Expenditures	Actual Expenditures	Excess Expenditures Over Budget
Capital projects fund	\$ 4,753,989	\$ 6,355,961	\$ 1,601,972
Debt service fund	1,130,063	5,033,101	3,903,038

## GREEN COUNTY

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

#### **NOTE III – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (cont.)**

##### **B. LIMITATIONS ON THE COUNTY'S TAX LEVY**

Wisconsin law limits the county's future tax levies. Generally, the county is limited to its prior tax levy dollar amount (excluding TIF districts), increased by the greater of the percentage change in the county's equalized value due to new construction, or zero percent. Changes in debt service from one year to the next are generally exempt from this limit with certain exceptions. The county is required to reduce its allowable levy by the estimated amount of fee revenue it collects for certain services, if those services were funded in 2013 by the property tax levy. Levies can be increased above the allowable limits if the amount is approved by referendum.

#### **NOTE IV – DETAILED NOTES ON ALL FUNDS**

##### **A. DEPOSITS AND INVESTMENTS**

The county maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and balance sheet as cash and investments.

The county's cash and investments at year end were comprised of the following:

	Carrying Value	Statement Balance	Associated Risks
Deposits	\$ 20,909,130	\$ 21,095,507	Custodial credit
U.S. Treasury notes	297,312	297,312	Custodial credit, interest rate
2a7 like pool	2,113,534	2,113,534	Credit
Certificates of deposit (negotiable)	574,481	574,481	Custodial credit, credit, interest rate
LGIP	2,454,820	2,454,820	Credit
Petty cash	3,155	-	N/A
Cash on hand	28,289	-	N/A
Total Cash and Investments	\$ 26,380,721	\$ 26,535,654	
Reconciliation to financial statements			
Per statement of net position			
Unrestricted cash and investments	\$ 19,202,498		
Restricted cash and investments	1,123,214		
Per statement of assets and liabilities –			
Agency funds	6,055,009		
Total Cash and Investments	\$ 26,380,721		

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

#### A. DEPOSITS AND INVESTMENTS (cont.)

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts) and \$250,000 for demand deposit amounts (interest-bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposits.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has been considered in computing the custodial credit risk.

The county maintains collateral agreements and a letter of credit with its banks. At December 31, 2017, the banks had pledged various government securities in the amount of \$10,607,827 to secure the county's deposits.

The county categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The valuation methods for recurring fair value measurements are as follows:

> Quoted Market Prices

Investment Type	December 31, 2017			
	Level 1	Level 2	Level 3	Total
U.S. Treasury notes	\$ 297,312	\$ -	\$ -	\$ 297,312
Certificates of deposit (negotiable)	574,481	-	-	574,481
Total	\$ 871,793	\$ -	\$ -	\$ 871,793

#### **Custodial Credit Risk**

##### **Deposits**

Custodial credit risk is the risk that in the event of a financial institution failure, the county's deposits may not be returned to the county.

As of December 31, 2017, \$510,971 of the county's total bank balances were exposed to custodial credit risk because they were uninsured and uncollateralized.

**GREEN COUNTY**

NOTES TO FINANCIAL STATEMENTS  
As of and for the Year Ended December 31, 2017

**NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

**A. DEPOSITS AND INVESTMENTS (cont.)**

**Custodial Credit Risk (cont.)**

**Investments**

Custodial credit risk is the risk that in the event of the failure of the counterparty, the county will not be able to recover the nature of its investments or collateral securities that are in possession of an outside party.

As of December 31, 2017, \$297,312 of the county's total investments were exposed to custodial credit risk because they were neither insured nor registered and held by the counterparty.

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

At December 31, 2017, the county had investments in 2a7 like pool, which had a Standard and Poor's rating of AAAm.

At December 31, 2017, the county had investments in negotiable certificates of deposit which are not rated.

At December 31, 2017, the county also had investments in the following external pool which is not rated:

Local Government Investment Pool

**Interest Rate Risk**

Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment.

As of December 31, 2017, the county's investments were as follows:

Investment Type	Fair Value	Maturity in Years		
		Less Than 1	1-5	More Than 5
U.S. Treasury note	\$ 297,312	\$ -	\$ 247,570	\$ 49,242
Certificates of deposit (negotiable)	574,481	134,310	283,019	157,152
Totals	<u>\$ 871,793</u>	<u>\$ 134,310</u>	<u>\$ 530,589</u>	<u>\$ 206,894</u>

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

#### **B. RECEIVABLES**

Receivables not expected to be collected within one year include \$624,644 in the general fund and \$361,351 in the revolving loan fund.

Governmental funds report *unavailable or unearned revenue* in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of *unavailable revenue* and *unearned revenue* reported in the governmental funds were as follows:

	Unearned	Unavailable
Property taxes receivable for subsequent year	\$ 14,999,498	\$ -
Delinquent property taxes receivable	-	182,646
Accrued interest	-	24,040
Grant drawdowns prior to meeting all eligibility requirements	52,218	-
Total Unavailable/Unearned Revenue for Governmental Funds	\$ 15,051,716	\$ 206,686

Delinquent property taxes purchased from other taxing authorities are reflected as nonspendable fund balance at year-end. Delinquent property taxes collected within sixty days subsequent to year-end are considered to be available for current expenditures and are therefore excluded from the nonspendable portion of fund balances. Delinquent property taxes levied by the county are reflected as unearned revenue and are excluded from the fund balance until collected. At December 31, 2017, delinquent property taxes by year levied consists of the following:

Tax Certificates	Total	County Levied	County Purchased
2016	\$ 469,014	\$ 104,027	\$ 364,987
2015	235,001	53,651	181,350
2014	101,552	23,245	78,307
Total Delinquent Property Taxes Receivable	\$ 805,567	\$ 180,923	\$ 624,644

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

---

#### **B. RECEIVABLES** (cont.)

Enterprise funds defer revenue recognition in connection with resources that have been received, but not yet earned. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. At the end of the current fiscal year, the various components of *unearned revenue* reported in the enterprise funds were as follows:

	<u>Unearned</u>
Property taxes receivable for subsequent year	\$ 790,000
Depreciation collected in advance	585,580
Transportation cost pools	23,135
Revenue collected in advance	<u>166,347</u>
Total Unearned Revenue For Enterprise Funds	<u>\$ 1,565,062</u>
Unearned revenue included in liabilities	\$ 751,927
Unearned revenue included in deferred inflows	<u>813,135</u>
Total	<u>\$ 1,565,062</u>

For economic development loans, the county is limited by the Wisconsin Department of Commerce to the amount of program income from economic development loans that it may retain to be loaned to other businesses and/or the amount of time for which funds may be held without use. Program income includes the principal and interest received from economic development loans repayments.

At December 31, 2017, the county has not exceeded the maximum amount that it may retain or the amount of time for which funds may be held without use. When it does, a liability to the state will be recorded.

#### **C. RESTRICTED ASSETS**

The Pleasant View Nursing Home has restricted assets in the amount of \$4,343. These restricted assets represent nursing home residents' funds held for safekeeping by the nursing home. The residents' funds are maintained in individual savings accounts and the balance in a checking account. All interest earned is added to the respective residents' balance.

The landfill has restricted assets in the amount of \$885,165. These restricted assets represent landfill funds held for post-closure costs of the solid waste landfill. The post-closure costs funds are maintained in a trust account.

The human services fund has restricted assets in the amount of \$233,706 for funds held for others.

**GREEN COUNTY**

NOTES TO FINANCIAL STATEMENTS  
As of and for the Year Ended December 31, 2017

**NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

***E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS***

The following is a schedule of interfund receivables and payables including any overdrafts on pooled cash and investment accounts:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>	<u>Amounts Due in More than One Year</u>
General	Human Services	\$ 8,925	\$ -
General	Highway	1,823,379	513,533
Pleasant View Nursing Home	General	84,283	-
Highway	General	911,729	-
Highway	Human Services	1,085	-
Highway	Landfill	907	-
Highway	Pleasant View Nursing Home	899	-
Sub-Total Fund Financial Statements		2,831,207	
Less: Fund eliminations		(10,731)	
Less: Government-wide eliminations		(1,994,194)	
Total Internal Balances – Government-Wide Statement of Net Position		\$ 826,282	
<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>	
Governmental activities	Business-type activities	\$ 1,823,379	
Business-type activities	Governmental activities	(997,097)	
Total Government-wide Financial Statements		\$ 826,282	

All interfund balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

#### **E. INTERFUND RECEIVABLES/PAYABLES AND TRANSFERS (cont.)**

For the statement of net position, interfund balances which are owed within the governmental activities or business-type activities are netted and eliminated.

The following is a schedule of interfund transfers:

<u>Fund Transferred To</u>	<u>Fund Transferred From</u>	<u>Amount</u>	<u>Principal Purpose</u>
General	Highway	\$ 500,000	Capital outlay
General	Human Services	771,870	Return to general fund
Sub-total – Fund Financial Statements		1,271,870	
Less: Fund eliminations		<u>(771,870)</u>	
Total Transfers – Government-Wide Statement of Activities		<u>\$ 500,000</u>	

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### **F. LONG-TERM OBLIGATIONS**

Long-term obligations activity for the year ended December 31, 2017 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
<b>GOVERNMENTAL ACTIVITIES</b>					
Bonds and Notes Payable					
General obligation debt	\$ 12,795,000	\$ 13,330,000	\$ 4,515,000	\$ 21,610,000	\$ 970,000

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

#### F. LONG-TERM OBLIGATIONS (cont.)

##### **General Obligation Debt**

All general obligation notes and bonds payable are backed by the full faith and credit of the county. Notes and bonds in the governmental funds will be retired by future property tax levies accumulated by the debt service fund. Business-type activities debt is payable by revenues from user fees of those funds or, if the revenues are not sufficient, by future tax levies.

In accordance with Wisconsin Statutes, total general obligation indebtedness of the county may not exceed 5% of the equalized value of taxable property within the county's jurisdiction. The debt limit as of December 31, 2017, was \$146,247,490. Total general obligation debt outstanding at year end was \$21,714,548.

	<u>Date of Issue</u>	<u>Final Maturity</u>	<u>Interest Rates</u>	<u>Original Indebtedness</u>	<u>Balance 12/31/17</u>
General Obligation Debt					
Governmental Activities					
Refunding bonds	6/1/10	12/1/28	3.50% - 4.25%	\$ 8,235,000	\$ 5,280,000
Bonds	12/7/16	12/1/36	2.00% - 3.00%	3,000,000	3,000,000
Bonds	8/1/2017	12/1/2036	2.00% - 3.75%	9,500,000	9,500,000
Refunding Bonds	11/7/2017	12/1/2027	2.00% - 2.50%	3,830,000	<u>3,830,000</u>
Total					<u>\$ 21,610,000</u>
Business-type Activities					
Loan	7/18/16	1/31/19	2.3%	156,606	<u>\$ 104,548</u>

Debt service requirements to maturity are as follows:

<u>Years</u>	<u>Governmental Activities General Obligation Debt</u>		<u>Business-type Activities General Obligation Debt</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2018	\$ 970,000	\$ 717,542	\$ 51,682	\$ 2,396
2019	1,295,000	600,163	52,866	1,211
2020	1,325,000	568,563	-	-
2021	1,350,000	536,213	-	-
2022	1,390,000	503,138	-	-
2023 – 2027	7,480,000	1,945,977	-	-
2028 – 2032	4,565,000	893,724	-	-

**GREEN COUNTY**

NOTES TO FINANCIAL STATEMENTS  
As of and for the Year Ended December 31, 2017

**NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)**

**F. LONG-TERM OBLIGATIONS (cont.)**

**Other Debt Information**

Estimated payments of compensated absences and net pension liability are not included in the debt service requirement schedules. The compensated absences liability and net pension liability attributable to governmental activities will be liquidated primarily by the general fund.

**Current Refunding**

On November 7, 2017, the county issued \$3,830,000 in general obligation bonds with an average coupon rate of 2-2.5% to refund \$3,855,000 of outstanding bonds with an average coupon rate of 4%. The net proceeds were used to prepay the outstanding debt.

The cash flow requirements on the refunded debt prior to the current refunding was \$4,757,200 from 2018 through 2027. The cash flow requirements on the refunding bonds are \$4,308,833 from 2018 through 2027. The current refunding resulted in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$406,515

**G. LEASE DISCLOSURES**

**Lessee – Capital Leases**

In 2017, the Highway acquired capital assets through a lease/purchase agreement. The gross amount and accumulated depreciation of those assets under capital lease are \$145,377 and \$5,149 respectively, which are included in property and equipment in the Highway fund. Debt service requirements to maturity are as follows:

Years	Business-type Activities Principal
2018	\$ 18,000
2019	18,000
2020	18,000
2021	18,000
2022	18,000
2023 - 2024	23,500
	\$ 131,500

**Lessee – Operating Leases**

The county has no material operating leases with a remaining noncancellable term exceeding one year.

**Lessor – Capital Leases**

The county has no material outstanding sales-type or direct financing leases.

**Lessor – Operating Leases**

The county does not receive material lease payments from property rented to others.

---

### NOTE IV – DETAILED NOTES ON ALL FUNDS (cont.)

---

#### **H. CLOSURE AND POST-CLOSURE CARE COST**

State and federal laws and regulations require the county to place a final cover on its solid waste landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 40 years after closure. The county closed the landfill in 2000. Post-closure care costs will be paid over a period of 40 years after the date that the landfill stops accepting waste. The \$1,158,707 reported as landfill post-closure care liability at December 31, 2017, represents the cumulative amount reported to date based on the use of 100% of the estimated capacity of the landfill. These amounts are based on what it would cost to perform all post-closure care in 2017. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

The county, as required by state and federal laws and regulations, maintains a long-term care trust to -- finance future closure and post-closure costs. The Wisconsin Department of Natural Resources has determined that the fund is sufficient to complete the long-term care work at the landfill and does not require annual contributions to the trust. At December 31, 2017, investments of \$885,165 are held for these purposes. These are reported as restricted assets. The county expects that this balance plus interest earnings on these funds will be sufficient to cover annual costs plus inflation for long-term care costs at some future date. However, if interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example) these costs may need to be covered by charges to future landfill users or from future tax revenue.

#### **I. NET POSITION/FUND BALANCES**

Governmental activities net position reported on the government wide statement of net position at December 31, 2017 includes the following:

##### **Governmental Activities**

Net investment in capital assets	
Land	\$ 1,649,800
Construction in progress	6,274,306
Other capital assets, net of accumulated depreciation	47,008,025
Add: unspent proceeds of capital-related debt	6,176,616
Less: Related long-term debt outstanding	(21,610,000)
Less: Premium on long-term debt outstanding	<u>(444,066)</u>
Total Net Investment in Capital Assets	<u>\$ 39,054,681</u>

### NOTE V – OTHER INFORMATION

---

#### A. EMPLOYEES' RETIREMENT SYSTEM

##### **General Information About the Pension Plan**

**Plan description.** The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1,200 hours a year and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE V – OTHER INFORMATION (cont.)

---

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Vesting.** For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

#### Summary of Significant Accounting Policies

**Benefits provided.** Employees who retire at or after age 65 (54 for protective occupation employees, 62 for elected officials and State executive participants) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits. The WRS also provides death and disability benefits for employees.

**Post-retirement adjustments.** The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

<u>Year</u>	<u>Core Fund Adjustment</u>	<u>Variable Fund Adjustment</u>
2007	3.0%	10%
2008	6.6	0

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE V – OTHER INFORMATION (cont.)

---

#### **A. EMPLOYEES' RETIREMENT SYSTEM (cont.)**

**Contributions.** Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees and Executives and Elected Officials. Starting January 1, 2016, the Executives and Elected Officials category merged into the General Employee category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$1,184,716 in contributions from the county.

Contribution rates as of December 31, 2017 are:

<u>Employee Category</u>	<u>Employee</u>	<u>Employer</u>
General (Executives & Elected Officials)	6.6%	6.6%
Protective with Social Security	6.6%	9.4%
Protective without Social Security	6.6%	13.2%

#### ***Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

At December 31, 2017, the county reported a liability of \$1,018,473 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2015 rolled forward to December 31, 2016. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The county's proportion of the net pension liability was based on the county's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2017, the county's proportion was 0.12356523%, which was a decrease of 0.00064490% from its proportion measured as of December 31, 2016.

For the year ended December 31, 2017, the county recognized pension expense of \$2,604,202.

## GREEN COUNTY

### NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

#### NOTE V – OTHER INFORMATION (cont.)

##### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

At December 31, 2017, the county reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 388,345	\$ 3,203,008
Changes of actuarial assumptions	1,064,852	-
Net differences between projected and actual earnings on pension plan investments	5,069,632	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	20,192	35,051
Employer contributions subsequent to the measurement date	1,260,208	
Totals	\$ 7,803,229	\$ 3,235,059

\$1,260,208 reported as deferred outflows related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Years Ended December 31:	Deferred Outflows of Resources	Deferred Inflows of Resources
2018	\$ 2,378,167	\$ 1,035,608
2019	2,378,165	1,035,608
2020	1,948,993	1,028,472
2021	(164,316)	135,371
2022	2,012	-

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE V – OTHER INFORMATION (cont.)

---

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Actuarial assumptions.** The total pension liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2015
Measurement Date of Net Pension Liability	December 31, 2016
Actuarial Cost Method:	Entry Age
Asset Valuation Method:	Fair Market Value
Long-Term Expected Rate of Return:	7.2%
Discount Rate:	7.2%
Salary Increases:	
Inflation	3.2%
Seniority/Merit	0.2% - 5.6%
Mortality:	Wisconsin 2012 Mortality Table
Post-retirement Adjustments*:	2.1%

\* No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 2.1% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2015 using experience from 2012 – 2014. The total pension liability for December 31, 2016 is based upon a roll-forward of the liability calculated from the December 31, 2015 actuarial valuation.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE V – OTHER INFORMATION (cont.)

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Long-term expected return on plan assets.** The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Core Fund Asset Class	Current Asset Allocation %	Destination Target Asset Allocation %	Long-Term Expected Nominal Rate of Return %	Long-Term Expected Real Rate of Return %
Global Equities	50%	45%	8.3%	5.4%
Fixed Income	24.5	37	4.2	1.4
Inflation Sensitive Assets	15.5	20	4.3	1.5
Real Estate	8	7	6.5	3.6
Private Equity/Debt	8	7	9.4	6.5
Multi-Asset	4	4	6.6	3.7
Total Core Fund	110	120	7.4	4.5
Variable Fund Asset Class				
U.S. Equities	70	70	7.6	4.7
International Equities	30	30	8.5	5.6
Total Variable Fund	100	100	7.9	5.0

*New England Pension Consultants Long-Term US CPI (Inflation) Forecast: 2.75%*  
*Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations*

**Single discount rate.** A single discount rate of 7.20% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.20% and a long-term bond rate of 3.78%. Because of the unique structure of WRS, the 7.20% expected rate of return implies that a dividend of approximately 2.1% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

# GREEN COUNTY

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

### NOTE V – OTHER INFORMATION (cont.)

#### A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

**Sensitivity of the county's proportionate share of the net pension liability (asset) to changes in the discount rate.** The following presents the county's proportionate share of the net pension liability (asset) calculated using the discount rate of 7.20 percent, as well as what the county's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.20 percent) or 1-percentage-point higher (8.20 percent) than the current rate:

	1% Decrease to Discount Rate (6.20%)	Current Discount Rate (7.20%)	1% Increase to Discount Rate (8.20%)
County's proportionate share of the net pension (asset)/liability	\$13,398,659	\$1,018,473	\$(8,514,832)

**Pension plan fiduciary net position.** Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://legis.wisconsin.gov/lab/> and reference report number 15-11.

At December 31, 2017, the county reported a payable to the pension plan, which represents contractually required contributions outstanding as of the end of the year.

#### B. RISK MANAGEMENT

The county is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers' compensation; and health care of its employees. The county participates in a public entity risk pool called Wisconsin County Mutual Insurance Corporation to provide coverage for losses from torts; theft of, damage to, or destruction of assets; errors and omission; and workers' compensation. However, other risks, such as health care of its employees, are covered through the purchase of commercial insurance, with minimal deductibles. Settled claims have not exceeded available coverage in any of the three prior years. There were no significant reductions in coverage compared to the prior year.

##### **Public Entity Risk Pool**

###### *Wisconsin County Mutual Insurance Corporation*

Fifty-five Wisconsin counties jointly participate in the Wisconsin County Mutual Insurance Corporation (WCMIC) for general and automobile liability insurance. The creation of the County Mutual requires the establishment of capital reserves with each of the participating counties depositing amounts as specified in projected rates. This company began operation on January 1, 1988.

The governing body is made up of nineteen directors elected by the participating counties. The governing body has authority to adopt its own budget and control the financial affairs of the corporation.

Summary financial information of WCMIC as of December 31, 2017 can be obtained directly from WCMIC's offices.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE V – OTHER INFORMATION (cont.)

---

#### **C. COMMITMENTS AND CONTINGENCIES**

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental fund types if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

From time to time, the county is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the county attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the county's financial position or results of operations.

The county has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

Pleasant View Nursing Home recorded revenues of \$983,100 in 2017 through the Supplemental Payment Program to help offset the use of local dollars to subsidize government-operated nursing homes. Pleasant View Nursing Home may have to repay a portion of these funds at a later date pending the outcome of a federal audit of the state's Medicaid Program.

The county board has approved a construction contract in the amount of \$12,720,000 for the new government services building. \$7,610,332 of this is still outstanding at year-end and expected to be honored upon performance by the vendor.

#### **D. JOINT VENTURE**

Green County, Lafayette County, and Iowa County jointly operate the Tri-County Trails Commission (the "commission") which maintains and manages the Monroe to Mineral Point railroad right-of-way for use as an all year, all purpose public recreational corridor.

The governing body is made up of commissioners from each county. Local representatives are appointed by the chair of their respective county boards. The governing body has authority to adopt its own budget and control the financial affairs of the commission.

Financial information of the commission as of December 31, 2017 is available directly from the commission's office.

The county does not have an equity interest in the commission.

#### **E. SUBSEQUENT EVENTS**

On May 30, 2018, the county issued general obligation building bonds in the amount of \$5,500,000 with interest rates from 3.00 – 3.4%. This amount will be used for the new government services building.

On March 3, 2018, the County Board approved a construction contract in the amount of \$1,129,718 for the nursing home renovations. These commitments will be funded through the use of net position held for capital projects and the 2018 budget.

## NOTES TO FINANCIAL STATEMENTS As of and for the Year Ended December 31, 2017

---

### NOTE V – OTHER INFORMATION (cont.)

---

#### ***F. EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS***

The Governmental Accounting Standards Board (GASB) has approved the following:

- > Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*
- > Statement No. 82, *Pensions Issues – an Amendment of GASB Statements No. 67, No. 68, and No. 73*
- > Statement No. 83, *Certain Asset Retirement Obligations*
- > Statement No. 84, *Fiduciary Activities*
- > Statement No. 85, *Omnibus 2017*
- > Statement No. 86, *Certain Debt Extinguishment Issues*
- > Statement No. 87, *Leases*

When they become effective, application of these standards may restate portions of these financial statements.

#### ***G. ECONOMIC DEPENDENCY***

In 2017, approximately 62% of Nursing Home resident days were the responsibility of the Title XVIII (Medicare) or Title XIX (Medical Assistance) programs that are funded by the United States government and the State of Wisconsin.

Pleasant View Nursing Home has determined that the equipment and mechanical needs anticipated for the years 2018-2019 will be approximately \$790,000 per year. A county referendum was passed in August 2014 to approve additional funding from the county in these years.

## GREEN COUNTY

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended December 31, 2017

---

#### ***BUDGETARY INFORMATION***

Budgetary information is derived from the annual operating budget and is presented using the same basis of accounting for each fund as described in Note I.C.

The budgeted amounts presented include any amendments made. The county may authorize transfers of budgeted amounts within departments. Transfers between departments and changes to the overall budget must be approved by a two-thirds board action.

Appropriations lapse at year end unless specifically carried over. Carryovers to the following year were \$4,533,543 and \$1,339,310 in the general fund and human services fund, respectively. Budgets are adopted at the detail level of expenditures.

#### ***WISCONSIN RETIREMENT SYSTEM***

The amounts determined for each fiscal year were determined as of the calendar year-end that occurred within the fiscal year.

The county is required to present the last ten fiscal years of data; however accounting standards allow the presentation of as many years as are available until ten fiscal years are presented.

*Changes in benefit terms.* There were no changes of benefit terms for any participating employer in the Wisconsin Retirement System.

*Changes in Assumptions.* There were no changes in assumptions.

**SUPPLEMENTARY INFORMATION**
