(B) Describe any record evidence, monument evidence, occupational evidence, testimonial evidence or any other material evidence you considered, and whether the monument was found or placed.

(C) Was the corner restored through acceptance of (1) an obliterated evidence location, or (2) a found perpetuated location?

(D) Describe any material discrepancy between the location of the corner as restored or reestablished and the location of that corner as previously restored or reestablished by distance and direction. Graphically show the discrepancy on the Plan View Drawing and reference the restored or reestablished corner location to at least (4) witness monuments.

(E) Was the corner reestablished through lost corner proportionate methods? If so, show the method, including the directions and distances to other public land survey corners used as evidence or used for proportioning the corner location.

(F) Attach a photo of completed corner location if available:

I, \_\_\_\_\_ hereby certify that this corner location as identified by the corner code index, was determined by me and under my direction and control and that this U.S. Public Land Survey Monument Record is correct and complete to the best of my knowledge and belief.
