

POSITION OPENING

Green County Highway Department

Civil Engineer

The position is a permanent full-time position. It is a supervisory classification with considerable responsibility for the effective maintenance of Green County roads. The purpose of this position is to apply technical skills in both the office and the field. This position provides design of construction and maintenance activities on road and bridge projects in Green County. The engineer is responsible for the bridge inspection program, reporting, documentation and planning for bridge rehabilitation and replacements. Work involves the management of multiple highway-related projects; supervision of employees; and coordination with consultants, municipalities, other government agencies, utilities and the public. Duties are carried out under the direct supervision of the Highway Commissioner but the Engineer has considerable discretion in the planning and direction of specific tasks over which he or she exercises general of immediate supervision. Please see full job description for more detail.

Applications can be picked up at Green County Highway Department office located at 2813 6th Street or at the Human Resources office located at N3152 State Rd 81, Monroe, Wisconsin 53566 or are available online www.co.green.wi.gov. Applications may be dropped off at either location or emailed to sbroughton@greencountywi.org. Application forms will be accepted until 3:30 p.m., Thursday, March 7, 2019.

Benefits include: 9 holidays, Vacation, Personal, Sick Time, Retirement, Health, Dental, Vision, Life Insurance, Short and Long Term Disability and Best Flex.

An equal opportunity employer, the County of Green will not discriminate on the basis of handicapped status in admission to or access to or treatment of employment or in its programs, services, or activities. Green County requires a drug screening and a physical exam as part of its employment process.
